ABOUT THIS BOOK

The Department of Consumer Affairs' (DCA's) *Annual Report 2014–15* was designed and edited by DCA's Office of Publications, Design & Editing and printed on-site by DCA's Digital Print Services.

Our Mission

To protect consumers through effective enforcement activities and oversight of California's licensed professionals.

Our Vision

To be the premier consumer protection agency.

Our Values

ACCOUNTABILITY

We operate transparently and encourage public participation in our decision-making when appropriate.

CONSUMER PROTECTION

We make effective and informed decisions to protect the health and safety of Californians.

CUSTOMER SERVICE

We acknowledge our stakeholders as customers, listen to them, and take their needs into account.

INNOVATION

We value creative problem-solving, responsible risk-taking, and enthusiastic pursuit of new ideas.

INTEGRITY

We are committed to honesty, ethical conduct, and responsibility.

DIVERSITY

We foster a welcoming environment of openness and appreciation for all.

EMPLOYEES

We recognize and value employee contributions and talent, and foster leadership development and professional growth of our workforce.

LEADERSHIP

We set the standard for leadership in government by holding ourselves accountable to our employees and stakeholders.

AWET KIDANE
Director

Message from the Director

Welcome to the Department of Consumer Affairs' (DCA's) 2014–15 Annual Report. DCA oversees 40 entities that regulate and license over 3 million licensees in more than 100 business and 200 professional categories.

Eighteen entities are healthcare-related, ranging from acupuncture to vocational nurses. The other 22 entities keep watch over an extremely diverse array of professions and businesses, from barbers to boxers, cemeteries, security guards, veterinarians, automobile repair, and more. All of the entities set minimum standards for competency, investigate complaints, and discipline those who violate State law. Those seeking licensure in one of the professions regulated by DCA must meet specific qualifications, must pass a State-approved occupational examination and must pass a criminal background check.

Providing the support for all of these entities is a highly skilled staff of professionals who provide a wide range of services, including information technology, investigations, media, video and webcasting, training, mail services, printing and publishing, fiscal and accounting services, and more.

The largest portion of this report is a compilation of detailed information from each licensing entity, including major accomplishments, legislation and regulations, staffing, and statistical data for Fiscal Year 2014–15.

Also included in this report is the Section 139, the report of examination programs, which lists each license type, its prerequisites for licensure, costs, and more.

Our fiscal information—expenditures, revenues, fund conditions—closes out the report.

I invite you to read the pages of this report, where you will find accomplishments and information on all of the services DCA provides, the professions we license—and how our dedicated, hard-working staff accomplished it.

DCA's Support System

The Department of Consumer Affairs' boards, bureaus, and other entities are supported by a dedicated and highly skilled staff of legal, technical, and administrative professionals. These professionals provide a wide range of support services, including human resources, information technology, investigations, professional examinations, training, strategic planning, budgeting, and more.

Here is an overview of what the various offices and divisions of DCA's support system do for its many boards, bureaus, and other entities.

THE OFFICE OF ADMINISTRATIVE SERVICES

provides accounting, business, personnel, and budget services. It consists of Business Services, Human Resources, and Fiscal Operations. Business Services ensures that DCA entities promote sound business decisions and practices in contracting and purchasing goods and services. It also manages DCA's many facilities, vehicle fleet, emergency response, and mailroom and records services. Human Resources provides human resources support for DCA employees. Fiscal Operations provides budget, accounting, and central cashing services.

THE OFFICE OF INFORMATION SERVICES

directs and manages information technology for all of DCA. It consists of Applications Services, Enterprise Technology Services, Infrastructure Services, Client Services, Enterprise Project Services, and the Information Security Office. Application Services maintains the Consumer Affairs System and the Applicant Tracking System databases that form the core of DCA's business processes. Enterprise Technology Services maintains and supports DCA's UNIX/Wide Area Network as well as the Internet and Intranet

sites, and maintains the enterprise architecture. Infrastructure Services maintains the desktop and network services, and phone services. Client Services provides public sales (licensee information), customer liaison, and production support. It includes the Family Support Unit, which maintains systems that involve processing limited license hold issues related to child support systems, and the Service Desk. Enterprise Project Services provides project management assistance, controls agency liaison services, oversees the OIS change management and release process, manages the BreEZe project that will replace the DCA legacy systems, and is implementing IT Governance. The Information Security Office establishes the IT security and data privacy policies, maintains the business continuity planning process, investigates IT security breaches, and acts as liaison to the State Information Technology Agency in matters related to the IT security of DCA.

THE COMPLAINT RESOLUTION PROGRAM

helps resolve complaints consumers have filed after experiencing difficulty or disappointment in the California marketplace.

DCA'S SUPPORT SYSTEM

THE CONSUMER INFORMATION CENTER is DCA's information resource center for consumers and licensees. Through its Call Center and Correspondence Unit, CIC provides consumers and licensees with user-friendly information and identifies for them the government agency or community organization that can best address their needs. CIC phone agents answer calls from consumers and licensees via DCA's toll-free number. Correspondence Unit staff respond to e-mails and letters sent to DCA.

THE EQUAL EMPLOYMENT OPPORTUNITY OFFICE promotes equal employment opportunity at DCA. The EEO Office also promotes affirmative action for people with disabilities and works to prevent and eliminate discriminatory practices through policy implementation, training, education, and outreach.

THE DIVISION OF INVESTIGATION is the law enforcement and investigative branch of DCA. It is the only entity within DCA that employs investigators who are designated peace officers. DOI staff work to provide timely, objective, and cost-effective investigations regarding allegations of misconduct by licensees of client agencies, and to develop information for filing criminal, administrative, and civil actions on behalf of these agencies. DOI field investigations frequently involve allegations of the illegal use and theft of drugs, sexual misconduct, quality-of-care issues, and unlicensed activity. DOI is composed of five units. The **Health Quality Investigation Unit (HQIU)**: On July 1, 2014, HQIU was established under DOI in accordance with Senate Bill 304 (Hill, 2013). HQIU provides investigative services to the Medical Board of California, the Board of Psychology, the Physician Assistant Board, the Osteopathic Medical Board, and the Board of Podiatric Medicine. The **Investigation and**

Enforcement Unit's (IEU's) goal is to protect the health, safety, and welfare of California consumers by conducting investigations and by filing criminal, administrative, and civil actions against subject licensees or unlicensed individuals on behalf of the boards. The **Enforcement Support Unit (ESU)** serves as the lead in DOI's outreach initiative for the boards' enforcement programs. ESU works closely with these boards in providing supplemental investigative services and support to their enforcement programs. The **Investigations and Services Team (IST)** is a specialized law enforcement unit within DOI. Some of the investigative services, training, and program management services provided by IST include internal affairs investigations on behalf of DCA; background investigations of board, DOI, and DCA staff; program administration for DCA and oversight of the Infraction Citation Authority Program and the Criminal Offender Record Information clearance system; and investigations pursuant to DCA's Workplace Violence Prevention Policy.

THE LEGAL DIVISION includes the Legal Office, the Legal Services Unit, and the Administrative Unit. These units provide legal services to DCA's Executive staff and to all DCA entities. The Legal Office serves as in-house counsel for the Director as well as the boards, bureaus, programs, and other entities of DCA. Legal Office lawyers provide legal analysis and opinions on laws, issues, proposed legislation, government contracts, employer-employee matters, the Open Meetings Act, the Public Records Act, and the Information Practices Act. The Legal Services Unit counsels the Director in carrying out the consumer mandates of the Consumer Affairs Act. This unit created and maintains several consumer handbooks and more than 20 consumer-specific legal guides. The Administrative Unit provides in-house counsel to DCA's administrative divisions

and Division of Investigation and represents DCA before the State Personnel Board and the Department of Personnel Administration.

THE LEGISLATIVE AND REGULATORY REVIEW DIVISION serves as DCA's resource on legislative and regulatory matters, representing DCA's positions on these matters before the Legislature. The Division monitors and analyzes legislative bills on consumer issues, reviews proposed regulation packages, and provides legislative recommendations, technical assistance, and regulatory review to DCA; the Business, Consumer Services and Housing Agency; and the Governor. The Division hosts monthly legislative roundtables to provide an open forum to discuss legislation, including fiscal, legal, and information technology impacts among DCA's various boards.

THE OFFICE OF PROFESSIONAL EXAMINATION SERVICES provides psychometric consulting services for the management of occupational licensure examination programs. OPES' services include occupational analysis, item writing, examination development, standard setting, program evaluation, and statistical analysis of examination performance. OPES follows the highest technical and professional standards in the industry to ensure that licensing examinations are valid, job-related, and legally defensible. In addition to servicing 30–40 interagency contracts with DCA boards, bureaus, and committees, OPES also oversees the master contract for examination administration at computer-based testing centers throughout the State.

THE OFFICE OF PUBLIC AFFAIRS creates and executes strategic media and communications plans for DCA, proactively provides news media with information of interest to consumers,

responds to media inquiries, and alerts media to unlicensed activity sweeps. OPA's videographers assist DCA boards and bureaus with the creation of public service announcements, training, instructional, and consumer videos and with the webcasting of public meetings.

THE OFFICE OF PUBLICATIONS, DESIGN & EDITING/DIGITAL PRINT SERVICES designs, edits, revises, and distributes more than 200 consumer publications, newsletters, and reports produced by DCA's various entities and by its Executive Office. PDE supports DCA's licensees by producing and publishing online newsletters for many of its boards and bureaus, and supports DCA staff by producing *Did You Know?*, the monthly online newsletter for employees. PDE staff also write, edit, design, and distribute DCA's award-winning quarterly consumer magazine, *Consumer Connection*. Digital Print Services provides full in-house print shop services, including black-and-white and color digital printing, copying, bindery, and other various services to all of DCA at prices competitive with or lower than outside vendors or the Office of State Publishing. DPS became part of PDE in February 2015.

SOLID TRAINING SOLUTIONS supports the development of all DCA employees through the design, delivery, evaluation, and administration of training and education programs. Its mission is to develop and manage a centralized program for training, education, and human resources development that ensures a skilled workforce that can meet DCA's strategic objectives. In addition, SOLID offers strategic planning assistance, process improvement, and more.

DCA Leadership

AWET KIDANE

Director

Awet was appointed Director in July 2014. Previously, Awet served as DCA Chief Deputy Director since 2012. As Director, he oversees the nearly 40 regulatory entities and other divisions within DCA. Before being appointed, he served in various positions in the State Legislature, where he was a chief of staff, a senior advisor, and a consultant.

TRACY RHINE

Chief Deputy Director

Tracy was appointed in July 2014, having previously served as DCA's Deputy Director for Legislation. As Chief Deputy Director, Tracy oversees the internal operations of DCA. Tracy has also previously served as Assistant Executive Officer for the Board of Behavioral Sciences. Prior to coming to DCA, Tracy served as a consultant to the California State Assembly Committee on Business, Professions and Consumer Protection from 2005 to 2008 and as a consultant to the Speaker's Office of Member Services from 2002 to 2005. She was a graduate research assistant in the Governor's Office of Innovation in 2002.

DOREATHEA JOHNSON

Deputy Director, Legal Affairs Division

Doreathea was appointed in 2000 and reappointed in 2004. She directs the activities of DCA's Legal Affairs Division and advises the Director, DCA's executive staff, and the staff and executive officers of DCA's regulatory entities.

TAMARA COLSON

Assistant Chief Counsel

Tamara was appointed by Governor Edmund G. Brown Jr. on August 29, 2014, to serve as DCA's Assistant Chief Counsel. She had been the Chief Prosecuting Counsel at the California Department of Alcoholic Beverage Control since 2011. She has also been an adjunct professor at University of the Pacific's McGeorge School of Law and a special assistant inspector general at the Office of the Inspector General. In addition, she was an administrative law judge at the Office of Administrative Hearings and a deputy attorney general at the California Department of Justice, Office of Administrative Hearings. She earned a Juris Doctorate degree from the University of California, Davis, School of Law.

**MICHAEL GOMEZ***Deputy Director, Division of Investigation and Enforcement Programs*

Michael was appointed in October 2012 to oversee DCA's enforcement activities. He comes to DCA after working as a bureau chief with the Commission on Peace Officer Standards and Training and more than 30 years' worth of law enforcement experience. He has also served as Vice Mayor of Dixon, California, and was Chief of DCA's Division of Investigation from 1995 to 2004.

**CHRISTINE LALLY***Deputy Director, Board and Bureau Relations*

Christine was appointed in June 2013. Christine serves as DCA's primary liaison with the Business, Consumer Services and Housing Agency and DCA boards and bureaus. Prior to her appointment, Christine served as Assistant Secretary of Communications and Legislation at the California Technology Agency since 2011. She also served as Deputy Secretary of Legislative Affairs at the California State and Consumer Services Agency; Deputy Director of Development at the California Museum for History, Women and the Arts; and Director of Government Affairs and Constituency Outreach at the Office of Lieutenant Governor John Garamendi. Christine also served as Assistant to the Appointments Secretary in the Office of Governor Gray Davis from 1999 to 2003.

**MELINDA MCCLAIN***Deputy Director, Legislation and Regulatory Review*

Melinda was appointed on October 27, 2014, having previously worked as a lobbyist at Platinum Advisors since 2006. She was a legislative aide at the Office of California State Senator Kevin Murray from 2003 to 2006 and a legislative analyst at the American Federation of State, County and Municipal Employees from 2001 to 2003. McClain is a member of the Institute of Governmental Advocates and the California Association of African American Advocacy Professionals. She earned a Master of Arts degree in public administration from the University of San Francisco.

DCA LEADERSHIP

**RUSS HEIMERICH***Deputy Director, Communications*

Russ was appointed in February 2013 and oversees DCA's communications and outreach efforts. Prior to his appointment, Russ was Chief of DCA's Office of Public Affairs from 2005 to 2013. He was an analyst on the customer service team at the California Performance Review from 2004 to 2005, Information Officer II at the California Department of Corrections and Rehabilitation from 2000 to 2005, and government and community relations manager at Comcast from 1999 to 2000.

Russ has also previously worked for the Bureau of Automotive Repair and California State University, Sacramento. He served as *Morning Edition* host and producer at Capital Public Radio from 1986 to 1995, editor and reporter at KGNR-AM from 1983 to 1985, and weekend editor and anchor at WOSU AM & FM in 1983.

**TONYA CORCORAN***Deputy Director, Administrative Services*

Tonya was appointed in June 2014. Tonya oversees DCA's Office of Administrative Services, covering many vital services, including human resources, fiscal operations, and business services functions. She joined DCA in 1989. Over the years, she has held various high-level positions within DCA and has served as its Labor Relations Officer, Bureau Chief for Hearing Aid Dispensers, Naturopathic Medicine, Telephone Medical Advice Services, and the Bureau of Electronic

Appliance Repair and Home Furnishings and Thermal Insulation. Most recently, Tonya has served as the Bureau of Automotive Repair's Deputy Chief of the Licensing, Administration and Consumer Assistance Division.

**AMY COX-O'FARRELL***Deputy Director, Office of Information Services*

Amy became DCA's Chief Information Officer in February 2012. She oversees all of DCA's IT and telecommunications services. She has been in State service for more than 30 years and has held numerous positions within DCA.

Overview of Statistical Information

DCA's regulatory boards and bureaus protect the public by licensing, registering, certifying, or approving individuals or businesses in various professions. These entities also investigate complaints and discipline license holders who violate practice requirements.

In this *Annual Report*, each DCA entity notes its significant accomplishments and new laws or regulations for the 2012–13 Fiscal Year. Tables that follow summarize the licensing and enforcement activities of each entity. Boards and bureaus vary in the data they report because they are governed by different laws. Therefore, not all categories of data apply to all programs. If a particular category does not apply, the table will indicate that.

Here is an overview of the information included.

STAFF

The number of civil service positions and the number of exempt positions approved in the State budget (including vacancies). Exempt employees are executive-level personnel (usually an executive officer or a bureau chief) appointed by the board, the DCA Director, or the Governor.

BOARD MEMBERSHIP

Boards are semiautonomous entities. Members of a board are usually split between people representing the profession and people representing the public. Board members are appointed by the Governor, the Senate Rules Committee, or the Speaker of the Assembly. The number of board members, who they represent, and who appoints them is set in State law. Membership on a DCA board is not a salaried position.

Those who serve receive a small stipend and travel expenses to attend meetings. More information about board membership can be found by visiting the DCA Online Board Member Resource Center at www.dcaboardmembers.ca.gov.

BUREAU ADVISORY COMMITTEE MEMBERSHIP

Bureaus, committees, programs, and commissions are under the direct control of DCA, but may have an advisory committee made up of professionals and public members.

STRATEGIC PLAN

Each DCA entity is expected to have its own strategic plan that outlines its mission, vision, and goals.

LICENSES

The total number of licenses, permits, certificates, and approvals granted by each entity during the fiscal year. Totals for each type of license or permit can be found in the Summary of Licensing Activity.

SUMMARY OF LICENSING ACTIVITY

INITIAL LICENSES/CERTIFICATES/PERMITS

The number of initial applications, the number of licenses issued, and the number of licenses renewed.

LICENSING POPULATION BY TYPE

How many licenses, certificates, or permits each entity has as of the end of the fiscal year. Listed by type.

RENEWAL AND CONTINUING EDUCATION

How often a license must be renewed and how many hours of continuing education, if any, are required for renewal.

EXAM RESULTS

The number of candidates who passed or failed an exam for licensure.

OVERVIEW OF STATISTICAL INFORMATION (CONTINUED)

SUMMARY OF ENFORCEMENT ACTIVITY**CONSUMER COMPLAINTS—INTAKE**

These include complaints from the public, government, law enforcement, licensed professional groups, internal, others, or anonymous. A complaint is defined as, "an allegation or inquiry from any source indicating a probable violation of any law, rule, or order of any regulatory agency, including violations of the Business and Professions Code relating to businesses and professions licensed by any agency of the Department of Consumer Affairs."

CONVICTION/ARREST NOTIFICATION COMPLAINTS

Convictions, applicant-reported convictions, or subsequent arrests are listed. "Pending" includes all conviction/arrest notification complaints pending at the end of the fiscal year regardless of the date the complaint was received.

INSPECTIONS (IF APPLICABLE)

The total number of enforcement inspections conducted during the fiscal year. The total includes initial, routine, complaint-driven, and follow-up inspections and the number of citations issued as a result of an inspection.

INVESTIGATIONS

An investigation is defined as the collection and verification of facts to determine jurisdiction and potential violations of law. Investigations begin as soon as they are assigned. The number includes desk investigations and field investigations.

NUMBER OF DAYS TO COMPLETE INTAKE AND INVESTIGATIONS

The timeline begins from the date the complaint was received to the date the investigation was closed, plus the average number of days to complete intake and investigation.

CITATIONS AND FINES

These numbers show citations issued with or without an administrative fine, and citations withdrawn or dismissed. The average refers to the average number of days from the date the complaint was received to the date a citation was issued.

TOTAL AMOUNT OF FINES

Amount assessed, reduced, and collected.

CRIMINAL/CIVIL ACTIONS

These are referrals to or filings by a District Attorney or City Attorney for criminal or civil action. These may include misdemeanor citations. A referral may be made both to the District Attorney and the Office of the Attorney General and will be reflected in both categories.

**OFFICE OF THE ATTORNEY GENERAL/
DISCIPLINARY ACTIONS**

Complaints and investigations in which the evidence and facts have substantiated a violation of the law are referred to the Attorney General for disciplinary action. Outcomes of disciplinary action may affect the status of a professional's license.

NUMBER OF DAYS TO COMPLETE ATTORNEY GENERAL (AG) CASES

This table refers to the number of closed cases in the previous table. The timeline covers the date the complaint was received to the date the order became effective.

FORMAL ACTIONS FILED/WITHDRAWN/DISMISSED

All actions filed, withdrawn, or dismissed during the year.

ADMINISTRATIVE OUTCOMES/FINAL ORDERS

Disciplinary action taken in the cases closed by the Attorney General.

PETITION FOR MODIFICATION OR TERMINATION OF PROBATION

Outcome of petitions by licensees to reduce terms and conditions of probation or to terminate probation early.

**PETITION FOR REINSTATEMENT OF REVOKED LICENSE/
REGISTRATION/CERTIFICATION**

The outcome of those requests.

COST RECOVERY TO DCA

Total dollar amount of administrative costs ordered repaid to DCA. Costs ordered may never be received.

**CONSUMER RESTITUTION TO CONSUMERS/REFUNDS/
SAVINGS (IF APPLICABLE)**

The total of court-ordered restitution to consumers as a result of mediation efforts. In some instances, services were performed without charge to the consumer, a consumer's bill was reduced, or a product was returned or exchanged.

CALIFORNIA BOARD OF ACCOUNTANCY

Accountancy

Licenses and regulates accountants and accountancy firms.

STAFF:

96.8 civil service positions
2 exempt

LICENSEES:

97,266

BOARD MEMBERSHIP:

7 licensees
8 public representatives

STRATEGIC PLAN ADOPTED:

2015

www.dca.ca.gov/cba

MAJOR ACCOMPLISHMENTS

- Increased its staff in the Enforcement Division by 17 positions to address case aging, peer review, and increased consumer protection initiatives.
- Enhanced its probation monitoring activities by assigning a low, medium, or high risk factor to each licensee based on factors such as the type of violation that lead to the discipline, the length of time the violation occurred, and potential for future consumer harm or violation of probation. The CBA ended FY 2014–15 with 95 licensees on probation, a 34 percent increase from the prior fiscal year.
- Increased its disciplinary actions during FY 2014–15. The CBA took action on 63 matters, which represents an 85 percent increase over the prior fiscal year.
- Maintained processing timeframes of 30 days or less for applicants applying for the Uniform CPA Examination and for CPA licensure.

MAJOR NEW LEGISLATION OR REGULATIONS

- Initial Permit, Biennial Renewal, and Examination Scheduling Temporary Fee Reduction: This regulation, effective July 1, 2014, implemented a two-year fee reduction, reducing renewal, initial application, and exam scheduling fees by 50 to 80 percent.
- Retired Status: This regulation, effective July 1, 2014, implemented a retired license status as provided for in Assembly Bill 431 Ma, (Chapter 395, Statutes of 2011). It outlines the qualifications needed to obtain retired status, provides a form to apply for the status, and provides for restoration of the license back to active status. In addition, it sets the fees and only allows for the status to be granted two times.
- Senate Bill 1467, Committee on Business, Professions and Economic Development (Chapter 400, Statutes of 2014), authorizes the CBA, by regulation, to allow experience in academia to qualify as general accounting experience for the one-year general accounting experience requirement necessary for CPA licensure, removes the prior requirement that two members of CBA be from a small public

professional firm, authorizes the CBA to ask for a valid e-mail address on an application for or renewal of a CPA license, and requires that an individual who holds and is exercising a practice privilege in California must notify the CBA of any pending criminal charges other than a minor traffic violation, in any jurisdiction, in writing within 30 days of the date the individual has knowledge of those charges.

- AB 1702, Maienschein (Chapter 410, Statutes of 2014), prohibits a delay in processing of an application or a denial of a license of an individual who has satisfied any of the requirements needed to obtain a license while incarcerated, who applies for that license upon release from incarceration, and who is otherwise eligible for the license on

the sole basis that some or all of the licensure requirements were completed while the individual was incarcerated.

- AB 2720, Ting (Chapter 510, Statutes of 2014), requires the CBA and all other entities governed by the Bagley-Keene Open Meeting Act to publicly report any action taken in open session, as well as report how each member voted, members who abstained, and members who were not present for the vote on the action taken.
- AB 2396, Bonta (Chapter 737, Statutes of 2014), prohibits the CBA and any other board within the Department of Consumer Affairs from denying a license based solely on a conviction that has been dismissed (expunged) under Penal Code sections 1203.4, 1203.4(a), or 1203.41.

Summary of Licensing Activity

Initial Licenses/Certificates/Permits			
TYPE	APPS RECEIVED	ISSUED	RENEWED
INDIVIDUAL	3,158	2,682	40,122
PUBLIC ACCOUNTANT	0	0	14
CORPORATION	272	208	1,500
PARTNERSHIP	92	76	525

Exams		
PASS	FAIL	TOTAL
3,038*	N/A	N/A

* This number represents the total number of candidates who passed their final section of the Uniform CPA Examination (CPA Exam). The CPA Exam consists of four sections—Auditing and Attestation, Business Environment and Concepts, Financial Accounting and Reporting, and Regulation. The CPA Exam is computerized and candidates sit for each section individually. Once a candidate successfully completes one section of the CPA Exam, the candidate must pass the remaining sections of the CPA Exam within 18 months to pass the CPA Exam. The California Board of Accountancy does not currently have the capability to provide the number of candidates who failed the CPA Exam during 2014–15.

CALIFORNIA ACUPUNCTURE BOARD

Acupuncture

The Acupuncture Board protects public health, safety, and welfare in California through the regulation and oversight of licensing, education, exam, enforcement, and regulatory standards. The Board establishes and maintains standards for competency and professional qualifications that ensure consumers have access to quality health care.

STRATEGIC PLAN ADOPTED:

2013

www.acupuncture.ca.gov

MAJOR ACCOMPLISHMENTS

- Redesigned its website to accommodate all types of Internet users. The website features mobile user look-ups of the most often accessed information. It features option-by-user type or traditional dropdown menus. Additionally, all links are accessible within three or less clicks. All information can be accessed from three different ways: one touch, user type, and subject.
- Conducted 28 school site visits this year. The Board conducted six site visits for schools seeking Board approval of their training programs. The Board conducted 22 enforcement site visits including all 20 in-state Board-approved schools and two out-of-state Board-approved schools. This is the first time that the Board has conducted enforcement visits.
- Increased its overall enforcement. The Board increased its issuance of citations by 700 percent this year. The increase in citations is the result of the increase in audits and follow-up enforcement of licensees and continuing education providers that failed audits. The Board revoked or negotiated surrender of license in critical sexual abuse cases.

MAJOR ACCOMPLISHMENTS

- Successfully audited all certified manufacturer dealerships in California. ACP audits dealerships to ensure they comply with disclosing the Lemon Law/Presumption and arbitration process to consumers, as identified in each manufacturer’s respective warranty or owner’s manual.
- Hosted a successful International Association of Lemon Law Administrators (IALLA) conference in San Diego. The purpose of IALLA is to give State agency representatives whose government participates in the Lemon Law program a chance to network about motor vehicle manufacturer and consumer issues.
- Continued to increase its visibility and educate consumers by creating and uploading videos to YouTube that provide detailed information about the arbitration process, Lemon Law, and the ACP.

CALIFORNIA ARCHITECTS BOARD

Architects

The California Architects Board (Board) was created by the California Legislature in 1901 to safeguard the public’s health, safety, and welfare. The Board licenses and regulates more than 20,000 architects who are responsible for designing billions of dollars’ worth of structures. The Board’s regulation of the practice of architecture protects consumers of architectural services, as well as the people who inhabit or use the structures that architects design.

STAFF:

23.9 civil service positions
1 exempt

LICENSES:

20,488

BOARD MEMBERSHIP:

5 licensees
5 public representatives

STRATEGIC PLAN ADOPTED:

2015

www.cab.ca.gov

MAJOR ACCOMPLISHMENTS

- Completed the Sunset Review process to extend the Board’s Sunset date to January 1, 2020. The Board’s presentation at the March 18, 2015, hearing and subsequent written responses received positive feedback from the Senate and Assembly policy committees, who met jointly to conduct the hearing.
- Conducted an Occupational Analysis (OA) to minimize overlap in content of the California Supplemental Examination (CSE). The Office of Professional Examination Services completed its review of the Architect Registration Examination (ARE) and linkage study that compares the content of the 2014 CSE Test Plan with subject matter covered in the various divisions of ARE 4.0 and 5.0. Reclassification of the current CSE item bank in accordance with the 2014 CSE Test Plan was completed in July 2015.
- Continued support of the National Council of Architectural Registration Boards’ (NCARB) efforts to explore new pathways to architectural licensure. As such, the Board encourages an additional path to licensure model that would integrate experience (Intern Development Program) and examination components into a degree program, culminating with eligibility for licensure at graduation.
- Continued focus on promptly responding to consumer complaints and consistently exceeded its enforcement performance measures defined by Department of Consumer Affairs’ Consumer Protection Enforcement Initiative. The Board’s enforcement efforts resulted in the closure of 337 investigations and the issuance of 47 citations, which are the highest levels in the past five years.

CONTINUED

MAJOR NEW LEGISLATION OR REGULATIONS

- Adopted a regulatory proposal to amend California Code of Regulations (CCR) section 109 to allow Intern Development Program experience to be gained without a minimum duration requirement and earlier than previously allowed. *[CCR 109 (Filing of Applications)]*
- Adopted a regulatory proposal to amend CCR section 116 to reflect the NCARB Record requirement for candidates to establish and maintain an NCARB Record. *[CCR 116 (Eligibility for Examination)]*
- Assembly Bill 186, Maienschein (Chapter 640, Statutes of 2014), authorizes boards to issue a provisional license to a spouse, domestic partner or other legal companion of an active-duty member of the Armed Forces, and became effective January 1, 2015.
- Senate Bill 850, Block (Chapter 747, Statutes of 2014), authorizes community colleges to establish baccalaureate degree pilot programs and became effective January 1, 2015.

DEPARTMENT OF CONSUMER AFFAIRS

BAR

Bureau of Automotive Repair

MAJOR ACCOMPLISHMENTS

- Retired 50,870 vehicles and provided financial assistance to repair an additional 7,868 vehicles through the Consumer Assistance Program, resulting in 7,304 tons of reduced emissions.
- Updated the existing license application for Smog Check inspector and/or Smog Check repair technician and posted it on BAR's website.
- Implemented new licensing assistance and eligibility requirements for military personnel and veterans.
- Completed a license restructure that better aligns with jobs in the Smog Check industry and provides more employment options for technicians.
- Implemented new Smog Check enforcement strategies using data from the On-Board Diagnostic (OBD) inspection of newer vehicles.
- Implemented Statewide use of the OBD Inspection System (OIS) when testing 2000 and newer gasoline vehicles, including hybrids, and 1998 and newer light-duty diesel vehicles.
- Established and implemented new readiness monitor standards for Smog Check inspections on OBD II-equipped vehicles. The new standards improve the ability to identify vehicles needing emissions repairs and reduce the likelihood that consumers unknowingly purchase a used vehicle with a malfunction.

MAJOR NEW LEGISLATION OR REGULATIONS

- In July 2014, BAR implemented regulations to update the eligibility requirements for the program, as required by Senate Bill 459 (Chapter 437, Statutes of 2013). Since the implementation, applications approved for vehicle retirement and repair assistance have increased by 40 percent and 75 percent, respectively.

BOARD OF BARBERING AND COSMETOLOGY

Barber/Cosmetology

The Board of Barbering and Cosmetology (Board) licenses and regulates barbers, cosmetologists, manicurists, estheticians, and electrologists, and the establishments they work in. The Board's mission is to ensure the health and safety of California consumers by promoting ethical standards and by enforcing beauty industry laws.

MAJOR ACCOMPLISHMENTS

- Completed a Sunset Review Report and submitted it to the Senate Committee on Business, Professions and Economic Development. After the review, the Board responded to the Senate Committee's recommendations.
- Increased language access with new link on the Board's website for the Korean language; citations have been translated into the Vietnamese language; additional translations of publications into Vietnamese, Korean, and Spanish; conducted a town hall meeting in Westminster for Vietnamese-speaking licensees.
- Addressed Disciplinary Review Committee (DRC) backlog. Licensees appealing citations are now being heard within three to six months of their requests. Previously, there was a six- to nine-month waiting period. This has been accomplished by increasing DRC hearings from three days per month to four.
- Launched the #CASafeSalon campaign to educate the public and licensees about salon health, safety, and infection control. With help from Department of Consumer Affairs' Office of Public Affairs and the Office of Publications, Design and Editing, the Board created messages for its Facebook and Twitter accounts, produced a #CASafeSalon video, conducted TV and newspaper interviews, created signature graphics for e-mails, created a #CASafeSalon logo, and created a *Waxing Safety Tips* brochure and a *Chemical Exfoliation Safety Tips* brochure.

BOARD OF BEHAVIORAL SCIENCES

Behavioral Sciences

Licenses and regulates marriage and family therapists and interns, clinical social workers and associates, educational psychologists, professional clinical counselors and interns, and referral services.

STAFF:

50.2 civil service
1 exempt

LICENSES:

102,433

BOARD MEMBERSHIP:

6 licensees
7 public representatives

STRATEGIC PLAN ADOPTED:

2014

www.bbs.ca.gov

MAJOR ACCOMPLISHMENTS

- Collaborated with the Department of Consumer Affairs' Office of Public Affairs staff to develop a video tutorial for the Associate Clinical Social Worker Registration Process. This video received a Gold Award at the 2015 State Information Officers Council Awards.
- Increased staffing resources in the Licensing Program to reduce application processing times. As a result, application processing times were significantly reduced.
- Revised the Board's Continuing Education Program by discontinuing the Continuing Education Provider Certification Program. Implemented changes to require Board licensees to gain continuing education hours from Board-recognized approval agencies or Board-recognized continuing education providers.

MAJOR NEW LEGISLATION OR REGULATIONS

- Sponsored Senate Bill 531 (Bates) to modify the requirements for an individual to petition for termination of probation or modification of penalty. This bill also clarifies that the Board has jurisdiction to investigate or take disciplinary action even if the status of a license or registration changes, or if the license or registration expires.
- Sponsored SB 620 (Block) to streamline the experience requirements for Licensed Marriage and Family Therapist and Licensed Professional Clinical Counselor applicants. The bill eliminates the complex assortment of minimum and maximum hours of differing types of experience and instead requires 1,750 hours of direct clinical counseling experience. The remaining 1,250 hours may be nonclinical experience.
- Proposed regulations to implement standards for use of telehealth in the provisions of psychotherapy and clarifies when a California license is needed, actions a licensee must take in order to protect the client in a telehealth setting, and that failure to follow telehealth requirements is considered unprofessional conduct.
- Proposed regulations to clarify the requirements for Licensed Professional Clinical Counselors to treat families and couples, and outlines a process by which Licensed Professional Clinical Counselors and Professional Clinical Counselor Interns would receive Board confirmation that they have met the requirement to treat families and couples.

CALIFORNIA STATE ATHLETIC COMMISSION

Athletic Commission

Licenses and regulates boxing, kickboxing, and mixed martial arts by licensing all participants and supervising the events. Also administers the Professional Boxer's Pension Fund.

STAFF:

**7 civil service positions
1 exempt**

LICENSES:

3,371

**COMMISSION
MEMBERSHIP:**

6 public representatives

STRATEGIC PLAN ADOPTED:

2012

www.dca.ca.gov/csac

MAJOR ACCOMPLISHMENTS

- Led the nation's efforts in recognizing and educating the harmful effects of athletes practicing massive weight cutting through dehydration and then rapid rehydration. The Commission worked with the Association of Ringside Physicians to create an educational flyer that is part of all licensing packets. In addition, the Commission, partnered with the California Amateur Mixed Martial Arts Organization (CAMO), is working on implementing a "minimum safe fighting weight" program that will begin in 2016. This minimum weight criteria is based largely on the National Collegiate Athletic Association's (NCAA) weight management protocols.
- Sharply increased antidoping efforts by using the most advanced testing in the world to detect sophisticated doping practices. Furthermore, the Commission worked with the Legislature and the Department of Consumer Affairs to strengthen doping penalty laws in California.

MAJOR NEW LEGISLATION OR REGULATIONS

- Developed a comprehensive transgender athlete regulation. This regulation will help ensure fairness and safety while preventing discrimination.
- Developed a Therapeutic Use Exemption regulation that allows athletes who have a legitimate medical condition to receive treatment without being disqualified from competition.
- Modified the Commission's Boxer Pension Plan Regulations to clarify how to re-allocate vested accounts that meet plan requirements and set aside a reserve account to pay any claims on reallocated accounts.
- Modified the Commission's regulations to increase the television broadcast fee to 5 percent but no less than \$1,000 or more than \$35,000 of the television contract amount for any sanctioned event in California.

STRATEGIC PLAN ADOPTED:

2015

www.cfb.ca.gov

CEMETERY & FUNERAL
BUREAU

MAJOR ACCOMPLISHMENTS

- Collaborated with stakeholders to develop and finalize the Bureau's 2015–18 Strategic Plan.
- Successfully completed the Bureau's Sunset Review Report and testified before the Legislature. Legislation (Assembly Bill 180) has been introduced to: consolidate the Funeral Directors and Embalmers Law and the Cemetery Act into one Practice Act; merge the separate funds into one fund known as the Cemetery and Funeral Fund; require the Bureau to conduct a study on the sufficiency of endowment care funds for its licensed cemeteries and report back to the Legislature in 2018; establish a sunset date of January 1, 2020.
- Initiated a comprehensive review of and revisions to all Bureau forms and applications.
- In cooperation with the Department of Consumer Affairs' Office of Public Affairs, created an informational video on options for selecting cemetery and funeral goods and services to assist consumers with choices concerning end-of-life matters.
- Hosted a meeting with cemetery stakeholders to discuss the California drought and subsequent watering restrictions, and the impact it has on licensed cemeteries; created an informational brochure on cemetery maintenance during the drought for use by consumers and cemeteries.

MAJOR NEW LEGISLATION OR REGULATIONS

- Amended existing (funeral) regulations to allow the Bureau to issue an administrative citation for a violation of any of its laws or regulations; increased the maximum fine amount to \$5,000 pursuant to statutory authority; and repealed obsolete continuing education requirements in compliance with statutory requirements repealed in 1999.

BOARD OF CHIROPRACTIC EXAMINERS

Chiropractic Examiners

STAFF:

18 civil service positions
1 exempt

LICENSES:

18,598

BOARD MEMBERSHIP:

5 licensees
2 public representatives

STRATEGIC PLAN ADOPTED:

2014

www.chiro.ca.gov

MAJOR ACCOMPLISHMENTS

- With assistance from Department of Consumer Affairs' (DCA's) Office of Publications, Design and Editing, the Board members, Executive Officer, Board staff, and stakeholders worked collaboratively to reinstitute the Board's newsletter and develop *A Consumer's Guide to Chiropractic Care* and a brochure about the practice of chiropractic and regulation of the profession by the California Board of Chiropractic Examiners. These brochures were created to fulfill the Board's public outreach goal in order to educate consumers about chiropractic services.
- Increased attendance at Board meetings by holding several of the meetings at various chiropractic colleges throughout California. Many of these Board meetings had a large audience of chiropractic students, thereby providing chiropractic students with an opportunity to see firsthand the administrative and disciplinary functions of the Board so that they will have a broader understanding of the regulatory agency governing their profession. Increased attendance at Board meetings was one way in which the Board proposed to fulfill their organizational effectiveness goal.
- Worked closely with the Board's Compliance Unit, Executive Officer, and Legal Counsel to create standards, training, and evaluation of expert consultants used for enforcement investigations. This goal was set to promote consumer protection through improved effectiveness, consistency, and efficiency in the utilization of expert consultants.
- Completed the review and revision of the California Law and Professional Practice Examination, which had not been revised for several years. This examination promotes consumer protection by ensuring that applicants for a chiropractic license are proficient in the laws and professional standards of the chiropractic profession in California.

CONTINUED

MAJOR NEW LEGISLATION OR REGULATIONS

- New legislation was chaptered that impacted the Board's enforcement and licensing processes, including Assembly Bill 2396, Bonta (Chapter 737, Statutes of 2014), which prohibits a board within DCA from denying a license based solely on a conviction that has been dismissed pursuant to section 1203.4, 1203.4(a), or 1203.41 of the Penal Code. Also, Senate

Bill 1159, Lara (Chapter 752, Statutes of 2014), which requires applicants for professional licensure, other than a partnership, to provide a federal taxpayer identification number or Social Security number on their application for licensure and requires licensing entities to report individuals to the Franchise Tax Board who fail to provide such information.

STRATEGIC PLAN ADOPTED:

2015

www.cslb.ca.gov
www.ChecktheLicenseFirst.com

MAJOR ACCOMPLISHMENTS

- Helped lead a multi-agency campaign to alleviate the shortage of water well drillers in support of the Governor’s 2014 drought-related Executive Order.
- Began issuing licenses for a new C-22 Asbestos Abatement classification January 1, 2015, which is different from the Asbestos Certification that is available for contractors who perform asbestos-related work within the scope of their specific contractor license classifications.
- Developed a Service and Repair Strategy to identify predatory contractors, provide for staff training from the Office of the Attorney General and industry leaders, and identify consumer/elder abuse prosecutors to significantly increase administrative and criminal prosecution and convictions.
- Developed a Responsible Managing Officer task force that established essential identifiers to determine when a qualifier may not be involved in the business, and investigation strategies to expedite administrative and criminal filings of investigations identifying fraudulent qualifiers. (The task force has already referred a series of complex investigations for administrative and criminal prosecution and works closely with district attorney staffs to explore unfair business practice filings under Business and Professions Code section 17200.)
- Created a new Peace Officer Special Investigations Unit (SIU) in December 2014 in which CSLB’s 11 Peace Officers report to one Enforcement Supervisor, eliminating the need for numerous Investigative Center supervisors.
- Organized and conducted 150 outreach events, produced or co-produced 19 webcasts, and launched a redesigned and updated CSLB website.
- Implemented the first phase of an expanded electronic payment system, known as Epayment, in the Norwalk office (previously limited to Sacramento headquarters) for contractors who wish to pay licensing fees with credit cards, and added enhanced security

CONTINUED

to all public computers that are used for this process to avoid potential security breaches. (Similar payment kiosks are being added to the San Diego, Fresno, and San Bernardino field offices.)

- Collaborated with the Licensing Division to analyze reasons for application errors that result in a time-consuming “return for correction” letters and reapplication process, implemented an improved tracking system, and determined how to better improve forms and information sent to applicants in order to minimize the application correction rate.
- Implemented an upgraded, mission-critical Imaging and Workflow Automation System (IWAS) to improve paper-to-electronic document monitoring and management.
- Increased the amount of ordered restitution recovered for consumers during the 2014–15 Fiscal Year from \$51 million to approximately \$68 million.

MAJOR NEW LEGISLATION OR REGULATIONS

- Sponsored Senate Bill 315 (Lieu, Chapter 392, Statutes of 2014) to (1) provide CSLB clear statutory authority to access business locations where labor is present when participating in activities of the Joint Enforcement Strike Force, and (2) clarify that unlicensed individuals can only advertise for construction work they are legally able to perform without a license, which are projects with a total cost less than \$500.
- Sponsored SB 560 (Monning, 2015), which would authorize CSLB Enforcement Representatives (ERs) to issue a written Notice to Appear (NTA) to individuals who fail to secure workers’ compensation insurance. (An NTA is a court order mandating an individual’s presence at a hearing, on a specified date, to answer to a misdemeanor charge.)
- Sponsored SB 561 (Monning, 2015), which would eliminate the requirement that a home improvement salesperson (HIS) separately register to work for each contractor and, instead, allows a properly registered HIS to utilize his or her individual registration with one or more licensed contractors.

COURT REPORTERS BOARD OF CALIFORNIA

Court Reporters

Licenses and regulates certified shorthand reporters, also known as court reporters, and oversees California's schools of court reporting. Also manages the Transcript Reimbursement Fund, which reimburses costs of transcripts for low-income litigants.

STAFF:

3.5 civil service
2.5 temporary
1 exempt

LICENSES:

Cert. Shorthand Reporter

BOARD MEMBERSHIP:

2 licensees
3 public representatives

STRATEGIC PLAN ADOPTED:

2015

www.courtreportersboard.ca.gov

COURT REPORTERS BOARD
 OF CALIFORNIA

MAJOR ACCOMPLISHMENTS

- **Transcript Reimbursement Fund Pro Per Program:** The \$30,000 allowance is quickly allocated each calendar year, creating an ever-present backlog of indigent applicants waiting for assistance. Extensive outreach was conducted by contacting litigants and reporters to inquire if the funds were still needed. As a result, \$15,000 of unused funds were released back to the program, which assisted 31 additional applicants.
- **New strategic plan adopted:** The Board worked with the Department of Consumer Affairs' SOLID Training and Planning Solutions unit to work through the strategic planning process and develop an ambitious strategic plan for 2015 through 2018.
- **Best Practices:** The Board has approved two Best Practice documents and four Best Practice Pointers. These documents are not regulations or statutorily mandated, but are a way for the Board to provide guidance on situations not expressly set out in statute or regulation. Although the pointers may be used by licensees as a guide, the Board will not use them as a basis for discipline or enforcement of any type.
- **MTFS Video:** In January 2015, the Board launched a new presentation on the Minimum Transcript Format Standards (MTFS). The 15-minute video presentation walks viewers through the history of the law, a sample format, consequences of violation of the law, and where the law applies. The presentation has received more than 1,200 views on YouTube (<https://youtu.be/xAZB0uEcqNE>).

MAJOR NEW LEGISLATION OR REGULATIONS

- **Scope of Practice Regulation:** In 2014, the Board promulgated Scope of Practice regulations with the addition of section 2403. The creation of CCR 2403 was intended to ensure that the Board's licensing population is fully aware of their individual duties and responsibilities and, similarly, to ensure that unlicensed entities are fully aware when they are engaging in activities and/or rendering services which are considered shorthand reporting and thus require licensure. The board is currently pursuing one technical correction to the Scope of Practice regulation.

STAFF:

69.8 civil service
1 exempt

LICENSES AND PERMITS:

87,917 licenses
14,661 permits

BOARD MEMBERSHIP:

10 dental professionals
5 public representatives

STRATEGIC PLAN ADOPTED:

2012

www.dbc.ca.gov

MAJOR ACCOMPLISHMENTS

- Successfully completed the Dental Board's Sunset Review report and submitted it to the Legislature for review.
- Finalized the regulatory process for the portfolio examination model in California's dental schools in November 2014, making this the first licensure-by-portfolio exam program in the nation. Under portfolio licensure requirements, students build a portfolio of completed clinical experiences and clinical competency examinations in six subject areas over the normal course of their clinical training during dental school. The portfolio option gives students in California an alternative to being tested on a live patient over the course of one weekend, which is the method of assessing competency used in the Western Regional Examination Board (WREB) exam process, as well as other examinations throughout the country. The portfolio process offers multiple benefits to students and patients, including letting students extend treatment over multiple patient visits, which reduces the stress of a one-time testing event and more closely simulates real-world care; provides an opportunity for patients to receive follow-up treatment as needed; and provides a method by which students are ready for licensure upon graduation.
- Conducted a fee audit. As part of its effort to manage its financial resources wisely and in order to accomplish its mission to protect the public, the Dental Board engaged Capitol Accounting Partners to prepare a detailed cost analysis of its fees. The Board's objectives for the study were to ensure that the Board fully accounts for all of its costs and recovers adequate revenue to be reimbursed for its expenses. The Board's only source of revenue are fees charged for each of the various licenses and permits. The Board has a mandate to be fully self-supporting so it is vital that the fees charged to dentists and dental assistants for permits and licenses fully recover the costs of the program.
- Provided educational presentation of the Board's licensing and enforcement roles to graduation students at five California universities and at the California Dental Association Annual Scientific Meeting. These presentations educate potential applicants and licensees on the Board's licensure process, including information on circumstances that could result in licensure delays and possible

CONTINUED

denials. In addition, the presentation also included reviews of the Board's Enforcement Program and Dental Practice Act, and real-life examples of violations that the Board sees occurring in the complaints we receive, investigate, and prosecute.

- Updated and published the 2015 Dental Practice Act.

MAJOR NEW LEGISLATION OR REGULATIONS

- Assembly Bill 186, Maienschein (Chapter 640, Statutes of 2014), establishes a temporary licensure process for an applicant who holds a current, active, or unrestricted license in another jurisdiction and supplies evidence of being married to or in a domestic partnership or other legal union with an active-duty member of the Armed Forces who is assigned to a duty station in the State under active-duty military orders.
- AB 1174, Bocanegra (Chapter 662, Statutes of 2014), authorizes a dental auxiliary to expose radiographs. Prohibits a dentist from supervising a specified number of dental auxiliaries. Authorizes specified registered dental assistants, a registered dental hygienist, and a registered dental hygienist in alternative practice to determine which radiographs to perform and place protective restorations. Relates to course fees. Provides that face-to-face contact between a health care provider and a patient is not required under Medi-Cal for teledentistry.
- AB 1702, Maienschein (Chapter 410, Statutes of 2014), would provide that an individual who has satisfied any of the requirements needed to obtain a license while incarcerated, who applies for that license upon release from incarceration, and who is otherwise eligible for the license shall not be subject to a delay in processing the application or a denial of the license solely on the basis that some or all of the licensure requirements were completed while the individual was incarcerated. Existing law provides for the licensure and regulation of various professions and vocations by boards within the Department of Consumer Affairs (DCA), among other entities. Existing law establishes various eligibility criteria needed to qualify for a license and authorizes a board to deny a license on the grounds that the applicant has been convicted of a crime substantially related to the qualifications, functions, or duties of the business or profession for which application is made.
- AB 2396, Bonta (Chapter 737, Statutes of 2014), would prohibit professional licensing boards from denying a license solely on the basis of a conviction that has been withdrawn, set aside, or dismissed, as specified.
- SB 1159, Lara (Chapter 752, Statutes of 2014), authorizes a licensing board under DCA, the State Bar of California, and the Bureau of Real Estate to accept an application containing an individual's taxpayer identification number for an initial or renewal license in lieu of a Social Security number.
- SB 1416, Block (Chapter 73, Statutes of 2014), sets the fee for an initial license and for the renewal of the license at \$525. Existing law, the Dental Practice Act, provides for the licensure and regulation of the practice of dentistry by the Dental Board of California. The Act, among other things, requires the Board to examine all applicants for a license to practice dentistry and to collect and apply all fees, as specified. The Act requires the charges and fees for licensed dentists to be established by the Board as is necessary for the purpose of carrying out the responsibilities required by these provisions, subject to specified limitations. Existing law prohibits the fee for an initial license and for the renewal of the license from exceeding \$450.

DENTAL HYGIENE COMMITTEE OF CALIFORNIA

Dental Hygiene

Licenses and regulates registered dental hygienists, registered dental hygienists in extended functions, and registered dental hygienists in alternative practice.

STAFF:

8 civil service
1 exempt

LICENSES AND PERMITS:

25,715

ADVISORY COMMITTEE MEMBERSHIP:

5 dental professionals
4 public representatives

STRATEGIC PLAN ADOPTED:

**2010; extended to a five-year
plan in 2013**

www.dhcc.ca.gov

MAJOR ACCOMPLISHMENTS

- Increased its enforcement action and citation issuance in the interest of consumer protection. There was a 60 percent increase in the number of probationers on file with the Committee compared to the prior year.
- As a result of the passing of Assembly Bill 1174 (Bocanegra, Chapter 662, Statutes of 2014), Business and Professions Code section 1910.5 was added to allow the DHCC to approve programs to teach new registered dental hygiene duties in advance of regulations including the placement of interim therapeutic restorations.
- Continued its efforts to enhance communication with dental hygiene educational programs and provided examination, licensing, and enforcement information to them and their students this past year.

MAJOR NEW LEGISLATION OR REGULATIONS

- Submitted multiple regulatory packages in 2014–15 on the topics of remedial education, dental hygiene educational program requirements, the approval of new dental hygiene education programs (feasibility study), and dental hygiene terminology definitions that are being revised, are currently under review, and/or awaiting approval by the Department of Consumer Affairs, the Business, Consumer Services and Housing Agency, or the Office of Administrative Law.

BUREAU OF ELECTRONIC & APPLIANCE REPAIR, HOME FURNISHINGS & THERMAL INSULATION

BEARHFTI

Registers and regulates electronic and appliance repair businesses and has jurisdiction over the sale and administration of service contracts on various consumer products. Licenses and regulates the manufacture and sale (retail, wholesale, and import) of upholstered furniture and bedding, supply dealers, custom upholsterers, bedding sanitizers, and the manufacture of thermal insulation products, and tests for flammability and sanitation.

STRATEGIC PLAN ADOPTED:

2013

www.bearhfti.ca.gov

MAJOR ACCOMPLISHMENTS

- Worked closely with the Department of Toxic Substances Control (DTSC) to implement Senate Bill 1019 (Leno, Chapter 862, Statutes of 2014). The chaptered bill requires furniture manufacturers to properly disclose whether their products contain added flame retardant chemicals. DTSC and the Bureau have collaborated on a Memorandum of Understanding to have DTSC test samples for added flame retardant. In addition, the Bureau's Enforcement and Field Operations units have begun investigating applicable furniture for compliance with the law.
- With the passage of Senate Bill 1243 (Lieu, Chapter 395, Statutes of 2014), re-established the use of the Telephone Disconnect Order authority to address unlicensed or noncompliant activity in the electronic and appliance repair and home furnishings industries. Since January 1, 2015, the Bureau has coordinated with the California Public Utilities Commission to successfully disconnect business phones associated with illegal businesses under our jurisdiction. This enforcement tool has proven to be very effective in achieving compliance, with 32 lines being disconnected since the beginning of the year when it was reinstated, resulting in almost 100 percent compliance.
- In response to Assembly Bill 2740 (Bonilla, Chapter 428, Statutes of 2014) and its legislative requirements, contracted with CPS HR to conduct a market assessment related to the Bureau regulation of its industries. The assessment included analysis of industry trends, Bureau effectiveness, issues with current statutes and regulations, as well as recommendations regarding resources, licensing frequency, and license type consolidation. Based on the findings and recommendations, the Bureau is exploring several operational changes, increasing outreach efforts, and necessary statute and regulation amendments. The report is available at [www/bearhfti.ca.gov/about_us/ab_2740_report.pdf](http://www.bearhfti.ca.gov/about_us/ab_2740_report.pdf).
- Continued aggressive stance in opening channels within the industry to educate with proactive enforcement efforts. The Bureau has posted upholstered furniture label examples on its website that adhere to the actual required font and label size requirements, and

CONTINUED

recently published FAQs on Technical Bulletin 117-2013, SB-1019, and labeling. In addition, the Bureau has participated in community forums and consumer fairs to address concerns.

MAJOR NEW LEGISLATION OR REGULATIONS

- AB 2740 (Bonilla, Chapter 428, Statutes of 2014), the Bureau's sunset bill, required the Bureau to report to the Legislature on fiscal deficits, pro-rata costs, frequency of license renewals, and license consolidation, product failure rates, labeling, and other furniture standards, and the scheduled implementation of BreEZe, the Department of Consumer Affairs' new licensing database system.
- SB 1019 (Leno, Chapter 862, Statutes of 2014), requires upholstered furniture manufacturers to disclose whether their products contain added flame retardant chemicals, and to be able to provide documentation that substantiates claims that products do not contain added flame retardant chemicals.
- SB 1243 (Lieu, Chapter 395, Statutes of 2014), amends Section 149 of the Business and Professions Code to allow entities within DCA to disconnect the phone of unlicensed companies advertising regulated services. The previous version of the law limited the advertisement to printed directories, which did not reflect current industry advertising practices.

STATE BOARD OF
**GUIDE
DOGS**
FOR THE BLIND

MAJOR ACCOMPLISHMENTS

- Balanced a previously structurally imbalanced fund to ensure program solvency for the foreseeable future.
- Began a letter writing and education campaign to out-of-state schools sending unlicensed instructors into California to provide follow-up or after-care services to guide dog users.

MAJOR NEW LEGISLATION OR REGULATIONS

- A regulatory package amending section 2285 of the Business and Professions Code was approved by the Office of Administrative Law and made effective. These amendments specify and clarify specific ethical standards of practice for guide dog instructors and guide dog schools in order to further protect guide dog users.
- Approved language that specifies and clarifies the Board's examination process. This language is to be noticed and implemented in 2015–16.
- Cleanup language was approved and submitted to the Senate Standing Committee on Business Professions and Economic Development for omnibus bill inclusion. Cleanup regulation language was drafted and approved by the Board to be noticed and implemented in 2015–16.

LANDSCAPE ARCHITECTS TECHNICAL COMMITTEE

Landscape Architects

Licenses and regulates landscape architects.

STAFF:

5.5 civil service

LICENSES:

3,507

COMMITTEE MEMBERSHIP:

4 licensees

STRATEGIC PLAN ADOPTED:

2015

www.latc.ca.gov

MAJOR ACCOMPLISHMENTS

- Completed the Sunset Review report and submitted it to the Legislature in October 2014. The LATC's presentation at the March 18, 2015, hearing and subsequent written responses received positive feedback from the Senate and Assembly policy committees, which met jointly to conduct the hearing. The next Sunset Review date is projected for January 1, 2020.
- Reduced the fee for the biennial renewal of a license from \$400 to \$220, from July 1, 2015, through June 30, 2017. The fee reduction will spread approximately \$630,000 in cost savings among nearly 3,500 licensees over the two-year duration. Additionally, the renewal fee reduction will help ensure the LATC's fund balance remains below the reserve limit allowable by law.
- LATC historically conducts an Occupational Analysis every five to seven years to minimize overlap in content of the California Supplemental Examination (CSE). The Department of Consumer Affairs' Office of Professional Examination Services completed its Landscape Architect Registration Examination Linkage Study, concluding that the 2014 CSE Test Plan is acceptable and requires no changes. Reclassification of the current CSE item bank in accordance with the 2014 CSE Test Plan was completed December 9, 2014. In February 2015, LATC approved the results of the report conducted by OPES.

MAJOR NEW LEGISLATION OR REGULATIONS

- Adopted a regulatory proposal to amend California Code of Regulations (CCR) section 2610 to change the 70-day application filing requirement to 45 days to allow candidates more time to register for the LARE.
- Adopted a regulatory proposal to amend CCR section 2649 to reduce renewal fees from \$400 to \$220 for Fiscal Year 2015–16.
- Assembly Bill 186, Maienschein (Chapter 640, Statutes of 2014), authorizes boards to issue a provisional license to a spouse, domestic partner or other legal companion of an active-duty member of the Armed Forces, and became effective January 1, 2015.

MEDICAL BOARD OF CALIFORNIA

Medical Board

STAFF:

160.1 civil service
1 exempt

LICENSES AND PERMITS:

156,165

BOARD MEMBERSHIP:

8 licensed physicians
7 public representatives

STRATEGIC PLAN ADOPTED:

2014

www.mbc.ca.gov

MAJOR ACCOMPLISHMENTS

- Continued focus on promoting appropriate opioid prescribing to both physicians and consumers. In November 2014, the Board’s Prescribing Task Force completed new *Guidelines for Prescribing Controlled Substances for Pain*. These guidelines are designed to assist physicians when prescribing controlled substances to patients for pain, and to promote appropriate prescribing. In May 2015, the Board won State Information Officers Council (SIOC) awards for both of its public service announcements (PSAs), which also address the issue of prescription drug abuse and misuse. The PSA directed to physicians featuring Board member Michael Bishop, M.D., won the SIOC Silver Award. The PSA featuring Olympic gold medalist Natalie Coughlin, directed to consumers, won the SIOC Gold Award.
- Launched a Twitter account in January 2015 to educate consumers and physicians by providing information on the Board’s roles, laws, and regulations, as well as providing information on Board events and meetings. Twitter provides outreach on the Board’s consumer protection mission to the public and encourages public engagement in the activities of the Board.
- Participated in numerous outreach events throughout California. Many were in conjunction with consumer events sponsored by legislators, which took place in various districts. Board staff spoke to consumers regarding the Board’s mission of consumer protection. In addition, the Board provided presentations to physician groups on the Board’s laws, regulations, and new *Guidelines for Prescribing Controlled Substances for Pain*.
- Participated in the Board’s first annual Legislative Day on February 26, 2015. Board members went with staff in teams of two and visited legislative offices to provide information on the Board and its roles and duties. The Board members met with legislators including Senator Hernandez, Senator Hill, Senator Bates, Assemblywoman Bonilla, Senator Wieckowski, Senator Jackson, Assemblyman Bloom, and legislative staff.

CONTINUED

MAJOR NEW LEGISLATION OR REGULATIONS

- Assembly Bill 1838, Bonilla (Chapter 143, Statutes of 2014), a Board-sponsored bill, allows graduates of accelerated and competency-based medical school programs to be eligible for licensure in California if the program is accredited by the Liaison Committee on Medical Education, the Committee on Accreditation of Canadian Medical Schools, or the Commission on Osteopathic College Accreditation. This bill assists the Board in its mission of access to quality care for California patients.
- AB 1886, Eggman (Chapter 285, Statutes of 2014), addresses public disciplinary information. In the past, most public disciplinary information for physicians could only be posted on the Board's website for 10 years. This Board-sponsored bill allows the Board to post the most serious disciplinary information on the Board's website for as long as it remains public. This bill assists the Board in being more transparent to consumers, which furthers the Board's mission of consumer protection.
- Adopted regulations required by Senate Bill 1441 (Ridley-Thomas, Chapter 548, Statutes of 2008), Uniform Standards for Substance-Abusing Licensees. These regulations are designed to protect the public by establishing a framework for monitoring physicians and other healing arts professionals impaired by drug or alcohol abuse. These uniform standards address evaluation, monitoring, rehabilitation, and discipline of substance-abusing licensees. These standards were developed to ensure consistency in the language for probationary conditions related to all healing arts professionals.

NATUROPATHIC MEDICINE COMMITTEE

Naturopathic

STAFF:

1 civil service
1 exempt

LICENSES:

744

COMMITTEE MEMBERS:

4 naturopathic doctors
2 physician
2 public representatives

STRATEGIC PLAN ADOPTED:

2010

www.naturopathic.ca.gov

MAJOR ACCOMPLISHMENTS

- Participated in the development, funding, and review of the Department of Justice's new CURES (Controlled Substance Utilization Review and Evaluation System) 2.0. This upgraded prescription drug monitoring program features a variety of performance improvements and added functionality, and will assist the Committee in monitoring enforcement cases.
- Worked closely with the Department of Consumer Affairs' BreEZe team to implement fixes for current workarounds in the system. We have had favorable feedback from consumers and licensees who have used the new online system.
- Succeeded in getting a Budget Change Proposal (BCP) approved; requesting an Associate Governmental Program Analyst and allocation of funds for the new position. This approval came after several years of denied staffing BCP requests. The new analyst was hired and started effective July 1, 2014. This is the first time the program will have additional staffing besides the Executive Officer since the program was established as a Committee in October 2009.
- Adopted Disciplinary Guidelines, Senate Bill 1441 (Substance Abusing Licensees), and SB 1111 (Consumer Protection Enforcement Initiative), and is awaiting the regulatory hearing process.
- Started the planning and development phase for the Committee's new Strategic Plan.

MAJOR NEW LEGISLATION OR REGULATIONS

- SB 538, a scope expansion bill, is in front of the Legislature. At this time, the bill is before the Assembly Appropriations Committee and if passed, would allow licensed, naturopathic doctors to independently prescribe all legend and Schedule V drugs.
- Continues to work on further clarifying current statutes through regulations and has changes pending at this time.

CALIFORNIA BOARD OF OCCUPATIONAL THERAPY

Occupational Therapy

Licenses and regulates occupational therapists and occupational therapy assistants.

STAFF:

7.7 civil service
1 exempt

LICENSES:

16,712

BOARD MEMBERSHIP:

4 licensees
3 public representatives

STRATEGIC PLAN ADOPTED:

2011

www.bot.ca.gov

MAJOR ACCOMPLISHMENTS

- Experienced an increase of 12 percent in the number of occupational therapist (OT) and occupational therapy assistant (OTA) licenses, from 1,144 to 1,283.
- Increased conviction/arrest reports from 116 to 146, an increase of 25 percent. The number of citations issued by the Board increased from 145 to 261, an increase of 80 percent; unfortunately, the average number of days to issue a citation increased during the same time.
- Increased the number of continuing competence (continuing education) audits to 15 percent of the renewing population, auditing nearly 600 licensees, up from 449 the previous year.
- Completed an “environmental scan” to help the Board determine its future direction. Part of this process also included sending stakeholder surveys to all California OT/OTA education programs and all state regulators (nationwide) regarding the consideration by the Accreditation Council for Occupational Therapy Education to raise the entry-level degree requirement to the doctoral level for OTs and the baccalaureate level for OTAs.

MAJOR NEW LEGISLATION OR REGULATIONS

- Amended existing regulations to implement several technical, nonsubstantive changes (California Code of Regulations 16, Division 39, sections 4110, 4112, 4120, 4121, 4123, and 4127).
- Enhanced the enforcement/disciplinary process by (1) delegating the authority to the Executive Officer to accept a settlement agreement for revocation or surrender of a license and grant a motion to vacate a default decision, (2) establishing effective dates for Default Decisions and Stipulated Settlements, and (3) incorporating the updated Uniform Standards Regarding Substance-Abusing Healing Arts Licensees by reference.

CALIFORNIA STATE BOARD OF OPTOMETRY

Optometry

STAFF:

10.5 civil service
2 exempt

LICENSES/PERMITS:

11,117

BOARD MEMBERSHIP:

6 licensees
5 public representatives

STRATEGIC PLAN ADOPTED:

2014

www.optometry.ca.gov

MAJOR ACCOMPLISHMENTS

- Actively participated in BreEZe activities such as Organizational Change Management (OCM), Data Validation (DV), and User Acceptance Testing (UAT). OCM allows the Board to identify gaps between current processes and the processes that will be used for BreEZe; DV ensures that data is transferred corrected into BreEZe; and UAT permits the Board to confirm the system will meet the agreed-upon requirements. In addition, Board staff met with schools to inform them about BreEZe features and benefits.
- Increased the Board's social media presence through Facebook, Twitter, and YouTube. These platforms allowed the Board to inform additional licensees, consumers, and other stakeholders about topics related to the practice of optometry.
- Updated the Board's Laws and Regulations handbook with new and amended statutes and regulations impacting the practice of optometry. The updated electronic version is posted on the Board's website and staff used social media to inform licensees and interested stakeholders about the updated law book.
- Completed implementation of Business and Professions Code sections 3151 and 3151.1 by creating retired and retired-volunteer applications and certifications, configuring the Board's Consumer Affairs System (CAS) and Applicant Tracking System (ATS) databases, creating necessary cashiering and accounting codes, and developing processing procedures.

MAJOR NEW LEGISLATION OR REGULATIONS

- Sponsored five bills: Assembly Bill 1253 adds enhanced consumer protection requirements to an existing statute by specifying when a retired optometrist can apply for a retired-volunteer service designation; AB 1359 updates the method for licensees to obtain a therapeutic pharmaceutical agent (TPA) certification; Senate Bill 349 allows mobile optometric facilities; SB 402 requires comprehensive eye examinations for school-age children; SB 496 creates pathway for foreign graduates to become licensed to practice optometry.
- SB 402: Requires comprehensive eye examinations for school-age children.
- SB 496: Creates a pathway for foreign graduates to become licensed to practice optometry.

LICENSES:

9,632 (Lic. & Perm.)

BOARD MEMBERSHIP:

5 professional members
4 public representatives

STRATEGIC PLAN ADOPTED:

2012

www.ombc.ca.gov

MAJOR ACCOMPLISHMENTS

- Participated in the Medical Board of California's Prescribing Task Force charged with development of the *Guidelines for Prescribing Controlled Substances for Pain*, which was released in November 2014. This document assists physicians in ensuring that the people of California have access to appropriate, safe, and effective pain management and reduces the public health epidemic of prescription drug overdose.
- Drafted the proposed regulatory language for Senate Bill 1441, and amended the Board's disciplinary guidelines to meet the uniform standards. Also drafted proposed language to amend California Code of Regulations, Title 16, Division 16, Article 1, Section 1610, to clarify Business and Professions Code section 2456.1, *Expiration and Renewal of Certificates*.
- Worked with the Department of Justice and other Department of Consumer Affairs (DCA) healing arts boards on the State's new Controlled Substance Utilization Review and Evaluation System, referred to as "CURES 2.0," in the development and user acceptance testing phases. This system went live July 1, 2015, as a soft launch and phased rollout. CURES was created as a tool for both physicians and pharmacists to assist in safe prescribing practices and to deter prescribing to drug seekers.
- Began development of the Board's new strategic plan, due in January 2016.

MAJOR NEW LEGISLATION OR REGULATIONS

- Senate Bill 483 (Beau) would require specific healing arts programs within the DCA to prorate initial license fees on a monthly basis.
- SB 643 (McGuire, Chapter 719, Statutes of 2015) would enact the Medical Marijuana Public Safety and Environmental Protection Act; create the Office of Medical Marijuana Regulation within the Business, Consumer Affairs, and Housing Agency; authorize the Medical Board and the Board to prioritize cases in which licensees recommend medical marijuana without a medical purpose; and provide that it is a misdemeanor for a physician and surgeon who recommends medical marijuana to have a financial interest in a conditionally licensed medical marijuana facility.

CALIFORNIA STATE BOARD OF PHARMACY

Pharmacy

Licenses and regulates pharmacies, pharmacists, pharmacist interns and technicians, and drug wholesalers.

STAFF:

**99.8 civil service
1 exempt**

LICENSES:

141,250

BOARD MEMBERSHIP:

**7 pharmacists
6 public representatives**

STRATEGIC PLAN ADOPTED:

2012

www.pharmacy.ca.gov

MAJOR ACCOMPLISHMENTS

- Adopted an emergency regulation authorizing a pharmacist to furnish naloxone hydrochloride in accordance with standardized protocols jointly approved by the Board and the Medical Board of California. Naloxone is a drug that reverses an overdose by blocking the central nervous system effects of several types of opiate medications, including morphine, oxycodone, methadone, or illegal substances such as heroin. The underlying statute, which was enacted by Assembly Bill 1535 (Bloom, Chapter 326, Statutes of 2014), and the resultant protocol enable a pharmacist to dispense naloxone to a patient or a recipient for administration to another person to block an opioid overdose.
- Established two new licensure classes (third-party logistics provider [3PL] and designated representative-3PL) that required, by federal legislation enacted in 2013, drug distributors that do not own but receive, store, select, and ship prescription drugs and prescription devices be regulated as a separate class from drug wholesalers. AB 2605 (Bonilla, Chapter 507, Statutes of 2014), which was sponsored by the Board, defines a 3PL as a drug distributor that provides or coordinates warehousing or other logistics services for a dangerous drug or dangerous device in intrastate or interstate commerce on behalf of a manufacturer, wholesaler, or dispenser of the drug or device but doesn't take ownership or have responsibility to direct the sale or disposition of the dangerous drug or dangerous device. Additionally, established a licensure program for resident and nonresident 3PLs that contains similar provisions to those for drug wholesalers.
- Joined an interagency work group with the California Department of Public Health to reduce opioid abuse, overdose, and death. The work group's purpose is to expand prevention strategies to decrease levels of opioid misuse, overdose, and death. The secondary goal is to explore opportunities to improve collaboration and expand joint efforts among State agencies working to address this epidemic. Additionally, the Board has helped educate pharmacists by holding one-day programs throughout the State with other agencies, such as the Drug Enforcement Administration (DEA) and the Department of Justice (DOJ). During the programs, attendees learn about the issue of opioid abuse and the role pharmacists have in preventing abuse and misuse.

- Conducted numerous public outreach forums throughout the State on prescription drug abuse, compounding in California, and a pharmacist's corresponding responsibility to ensure the legitimacy of a prescription. The Board also joined with the DEA in offering joint training sessions on Pharmacy Diversion Awareness and developed a brochure on counterfeit prescription drugs and a web page on drug abuse prevention. Additionally, the Board developed two (one radio and one television) public service announcements on prescription drug abuse in an effort to educate teens and adults on the dangers of prescription drugs.
 - Worked closely with the California DOJ to design and develop the State's new Controlled Substance Utilization Review and Evaluation System—commonly referred to as "CURES 2.0"—which went live on July 1, 2015. This upgraded prescription drug monitoring program features a variety of performance improvements and added functionality. Additionally, the Board assisted DOJ in collecting and validating CURES registration applications at the Board's office and various events throughout California.
 - As the Board's mandate is to protect consumers, the Board determined combining tobacco sales and a pharmacy within the same business is not in the best interests of public health. Therefore, the Board recommended that pharmacies and chain stores that include pharmacies eliminate the sale of tobacco, e-cigarettes, and tobacco products, as these products are known to cause cancer, heart disease, lung disease, and other health problems.
- MAJOR NEW LEGISLATION OR REGULATIONS**
- AB 2605, Bonilla (Chapter 507, Statutes of 2014), sponsored by the Board, defines a 3PL as a drug distributor that provides or coordinates warehousing or other logistics services for a dangerous drug or dangerous device in intrastate or interstate commerce on behalf of a manufacturer, wholesaler, or dispenser of the drug or device, but doesn't take ownership or have responsibility to direct the sale or disposition of the dangerous drug or dangerous device. Additionally, established a licensure program for resident and nonresident 3PLs that contains similar provisions to those for drug wholesalers.
 - SB 600, Lieu (Chapter 492, Statutes of 2014), sponsored by the Board, repealed California's e-pedigree requirements as a result of Public Law 113-54, signed by President Obama.
 - SB 960, Morrell (Chapter 247, Statutes of 2014), sponsored by the Board, authorizes the Executive Officer of the Board to issue a letter of admonishment to an applicant for licensure who has committed any violation of law that the Board deems does not merit the denial of a license or require probationary license status. The law authorizes a letter of admonishment that is issued to an applicant for licensure to be issued concurrently with a license.
 - AB 1073, Ting (sponsored by the Board), will help limited-English proficient (LEP) patients in California access health care in their primary language by helping them understand prescription drug information in their primary language, a need that can literally be a matter of life and death. This bill would require pharmacists to provide LEP patients with translated directions for use on prescription drug labels, by ensuring that all LEP patients understand how to take their medication safely and without error.
 - SB 590, Stone (Chapter 147, Statutes of 2015), sponsored by the Board, provides that an applicant for the pharmacist licensure examination who has graduated after January 1, 2016, from an Accreditation Council for Pharmacy Education-approved college of pharmacy or department of pharmacy of a university recognized by the Board, shall be deemed to have

satisfied the required 1,500 hours of pharmacy practice experience. This law eliminates the cumbersome process of obtaining documentation of intern hours from each pharmacy where the hours were performed over the course of a four-year period. The law becomes effective January 1, 2016.

- SB 619, Morrell (sponsored by the Board), creates California licensing requirements for a new category of prescription drug compounding entity called an outsourcing facility. The federal government created this new category of compounding facilities at the federal level via the Drug Quality and Security Act (DQSA). The DQSA allows for federal registration of outsourcing facilities under section 503B (in order to recognize specialized businesses that compound prescription medication in large quantities that are typically not pursuant to a patient-specific prescription and that generally sell this medication to practitioners, hospitals, and sometimes patients in multiple states).
- Amendments to California Code of Regulations Article 4.5, 7, and 7.5 adds and amends the compounding regulations in response to SB 294 and new federal guidelines. SB 294 (Emmerson, Chapter 565, Statutes of 2013) strengthened requirements to ensure patients receive safe, sterile compounded medications from pharmacies. These changes have been developed and vetted with industry professionals and the public during 16 public meetings throughout 2013, 2014, and 2015.
- California Code of Regulations 1707.5(a)(1) strengthens requirements for patient-centered prescription labels by implementing a requirement that the labels now require a minimum 12-point font be used in the patient-centered portion (that contains the patient name, name and strength of the drug, directions of use, and when purpose or condition for which the drug was prescribed [when available]). This regulation became effective April 1, 2015.
- The Board developed a number of components to implement SB 493 (Hernandez, Chapter 469, Statutes of 2013) during 12 public meetings held throughout 2014–2015. SB 493 created the advanced practice pharmacist classification that will allow pharmacists, with the proper training, to administer biological products, provide self-administered hormonal contraceptives, provide drug therapy and disease management education and training, provide travel medication, order tests, administer vaccinations, and administer epinephrine or diphenhydramine for a severe allergic reaction. These components included:
 - California Code of Regulations 1730 and 1730.1 – The Board approved the applications requirements and certification programs to develop the new license type for advanced practice pharmacist.
 - California Code of Regulations 1746.1 – The Board developed and approved the protocol a pharmacist is required to use to furnish self-administered hormonal contraception.
 - California Code of Regulations 1746.2 – The Board developed and approved the protocol a pharmacist is required to use to furnish nicotine replacement products.
 - California Code of Regulations 1746.3 – The Board developed and approved the permanent and emergency protocols a pharmacist is required to use to furnish naloxone hydrochloride per AB 1535.
 - California Code of Regulations 1746.4 – The Board approved the requirements a pharmacist is required to meet to initiate and administer vaccines.
 - California Code of Regulations 1746.5 – The Board approved the requirements a pharmacist is required to meet to furnish travel medications.

PHYSICAL THERAPY BOARD OF CALIFORNIA

Physical Therapy

Licenses and regulates physical therapists, physical therapist assistants, and the practice of electroneuromyography and kinesiological electromyography performed by physical therapists.

STAFF:

19.1 civil service
1 exempt

LICENSES AND CERTIFICATIONS:

35,160

BOARD MEMBERSHIP:

4 licensees
3 public representatives

STRATEGIC PLAN ADOPTED:

2014

www.ptbc.ca.gov

MAJOR ACCOMPLISHMENTS

- Completed the development of the Board's Strategic Plan for 2014–2017. The strategic plan will systematically chart the Board's course through 2017 by establishing its goals and objectives. These goals and objectives are the framework that will tactically guide activities and focus resources to uphold the Board's mandate in the most efficacious manner possible. The Board adopted the new strategic plan in November 2014.
- Obtained an increase to the Attorney General budget allocation. The increase provides sufficient funding necessary to process enforcement actions consistent with the Consumer Protection Enforcement Initiative that the Department of Consumer Affairs (DCA) has undertaken to overhaul the enforcement and disciplinary processes of its healing arts boards and also the Board's mandate to protect the public from any incompetent, unprofessional, and fraudulent practice of physical therapy.
- Obtained approval and funding for two additional positions to address workload within the Consumer Protection Services Program (CPS) for the purpose of meeting DCA's Consumer Protection Enforcement Initiative efficiently. Two Associate Governmental Program Analyst positions have been designated to the CPS program for probation monitoring and processing enforcement cases.
- Increased outreach efforts by designating a staff member to maintain social media, i.e., Facebook and Twitter. The use of social media streamlines communication among the profession and physical therapy consumer communities and has become an essential function of the Board; sharing resources and ideas has allowed the Board to assess and improve the effectiveness of its sites in order to provide information in a timely manner to a widespread audience. The Board's Facebook page ranked No. 1 within DCA's healing arts boards/bureaus for the entire year.

MAJOR NEW LEGISLATION OR REGULATIONS

- Proposed regulatory language to increase its application and license renewal fees in order to effectively sustain operations necessary for protecting consumers through its licensing and enforcement functions. Pursuant to Business and Professions Code section 2602.1, protection of the public shall be the highest priority for the Board in exercising its

licensing, regulatory, and disciplinary functions. The Board primarily achieves this mandate by processing applications and issuing and renewing licenses to eligible physical therapist and physical therapist assistant applicants; investigating complaints; taking administrative action against licensees for substantiated violations of the Physical Therapy Practice Act; monitoring licensees whose licenses have been placed on probation; and managing the Substance Abuse Recovery Program for licensees whose practice may be impaired due to abuse of drugs or alcohol. Existing law authorizes the Board to assess fees associated with these duties and responsibilities, enabling the Board to carry out its mandate of consumer protection. The Board's existing fees will soon become insufficient for supporting the Board in its mandated mission. This proposed regulation will ensure sufficient resources to maintain current Board operations to meet its mandate of consumer protection until such time it can seek

legislative authority to increase the caps imposed in current statutory language.

- Proposed regulatory language to clarify English proficiency requirements for applicants who completed a non-approved physical therapy program outside of the United States; specifically, 1) set a passing score on the Test of English as a Foreign Language (TOEFL), 2) required the exam to be passed in one sitting, and 3) identified exemption qualifications. The proposed language also requires approved credential evaluation services to report on the evaluation the applicant's compliance on the TOEFL examination or exemption. The Board has proposed these changes primarily because it finds the score minimums acceptable by U.S. Citizen and Immigration Services for immigration purposes are outdated and insufficient for consumer protection.

PHYSICIAN ASSISTANT BOARD

Physician Assistants

Licenses and regulates physician assistants.

STAFF:

4 civil service
1 exempt

LICENSES AND PERMITS:

9,712

BOARD MEMBERSHIP:

3 licensees
1 member of the Medical Board of California
4 public representatives

STRATEGIC PLAN ADOPTED:

February 24, 2014

www.pac.ca.gov

MAJOR ACCOMPLISHMENTS

- The Board went “live” with its BreEZe online renewal system on May 22, 2015. The Board’s website was updated to reflect the availability of this new service. Implementation of the online renewal system will benefit licensees and add to staff efficiencies as licensees are able to renew and pay online and are not required to submit additional paperwork to the Board. Additionally, once a renewal is approved, the licensee’s record will be updated immediately. Licensees still have the ability to renew by mail or in person.
- Added the following items to Board’s website:
 - Information about rescheduling hydrocodone combination products to Schedule II.
 - Under the “About Us” tab, a “History of the Board” page. The new page includes a link to two historical documents regarding the creation of the Board.
 - Information about Controlled Substance Utilization Review and Evaluation System (CURES) 2.0. The website also includes a link to the California Department of Justice Prescribing Drug Monitoring Program so that licensees may register for CURES 2.0.
- Adopted the newly revised edition of its Policy Manual. The revised manual includes a newly adopted “Professional Reporting Requirements” policy.

MAJOR NEW LEGISLATION OR REGULATIONS

- Effective January 1, 2015, Senate Bill 2102 (Ting) implements Business and Professions Code section 3518.1, requiring the Board, Board of Registered Nursing, Board of Vocational Nursing and Psychiatric Technicians, and Respiratory Care Board of California to collect personal data from physician assistants for the Office of Statewide Health Planning and Development. The Board is required to collect the following biennially at the time of initial licensure and renewal:
 - Location of practice (including city, county, and zip code)
 - Race or ethnicity (licensee may, but is not required to, report race and ethnicity)

PHYSICIAN ASSISTANT BOARD

CONTINUED

- Gender
- Languages spoken
- Education background
- Classification of primary practice site (such as clinic, hospital, managed care organization, or private practice)

A survey was developed in cooperation with the Department of Consumer Affairs and the other boards. Initially, a link will be provided to licensees to complete the electronic online survey. The Board's website was updated to reflect the SB 2102 requirements.

- Title 16, California Code of Regulations, section 1399.545, amends the physician assistant supervision requirements in surgery to permit physician assistants to assist in surgery without the personal presence of a supervising physician if the supervising physician is immediately available to the physician assistant. The action also defines "immediately available" as physically accessible and able to return to the patient, without any delay, upon the request of the physician assistant to address any situation requiring the supervising physician's services. The regulation became effective on April 1, 2015.

CALIFORNIA BOARD OF PODIATRIC MEDICINE

Podiatric Doctors

Licenses and regulates doctors of podiatric medicine.

STAFF:

4 civil service
1 exempt

LICENSES:

2,393

BOARD MEMBERSHIP:

4 licensees
2 public representatives

STRATEGIC PLAN ADOPTED:

2015

www.bpm.ca.gov

MAJOR ACCOMPLISHMENTS

- Successful selection and recruitment of a new Executive Officer with a strong background in regulatory enforcement and compliance and who continues to champion the import of the consumer protection mission of the Board through faithful execution of the laws and regulations governing the practice of podiatric medicine.
- As part of its ongoing mandate to serve the citizens and residents of California, the Board adopted a new Strategic Plan for Fiscal Year 2015–2018 with a renewed mission and vision dedicated solely to public consumer protection efforts and strengthened core values focused and committed to greater openness, transparency, and customer service in the operations of the people's business. Re-evaluation of the Board's mission and vision was one aspect the strategic planning effort that was developed with input from across the Department of Consumer Affairs (DCA) community and agency stakeholders that identified and incorporated significant themes and trends. The new strategic plan sets the Board in a new direction for achieving enhanced consumer protection goals and objectives, and continues to receive positive responses from both consumers and the regulated profession at just over six months in motion.
- Following a hiatus of committee meetings lasting nearly a decade long, the Board moved to adopt and implement a quarterly Board and Committee meeting schedule beginning the 2015 calendar year, with separately convened open and noticed committee meetings. This more fully open and transparent posture has brought forth a number of significant benefits not least of which include greater opportunities for public engagement and occasion to address issues that are important to both the public and practice community on a whole, in addition to lending a more active and engaged standing committee structure.
- In an effort to advance transparency and provide greater accessibility opportunities for the public, the Board began regularly webcasting its Board meetings. Implementation of these technologies assists the Board to improve government services by allowing it to deliver Board meeting topics and information

regarding Board business to the public anytime, anyplace on any compatible device, serving to not only advance the letter but also the spirit of the State's open meetings law.

- Because robust enforcement of all terms and conditions in Board settlement orders and decisions helps to maintain continued protection of the health, welfare, and safety of the public, the Board implemented and incorporated the Franchise Tax Board Intercept Program to assist collection of nearly \$19,000 in delinquent and outstanding cost recovery orders issued against licensees previously thought unrecoverable to ensure the Board continues to meet its mandate of consumer protection without reliance on taxpayer monies and without undue upward pressure on professional licensing fees.
- Directed at confirming that licensed doctors of podiatric medicine (DPMs) are compliant with Board-approved continuing medical education requirements in addition to completion of the only Board-mandated continuing competency obligation in the country, the Board conducted a more statistically rigorous compliance audit that garnered a greater level of confidence in DPM compliance efforts across the licensee population as a whole, helping to ensure that Californians have access to the most highly trained, educated, and competent podiatric physicians in the nation.
- Conducted a one-day enforcement seminar for the Board's panel of licensed DPMs serving as Board consultants and experts. Seminar training professionals included enforcement representatives from the Board, DCA Division of Investigation, and staff from the Attorney General's Office. With subjects that included review of enforcement cases, expert opinion preparation, investigation procedures, and case communications, these training efforts ensure that the Board continues to have only the most trained and qualified podiatric physicians exclusively reviewing quality and standard of care matters within the highly specialized field of medicine for the benefit of consumers and the profession alike.

MAJOR NEW LEGISLATION OR REGULATIONS

- Senate Bill 1159, Lara (Chapter 752, Statutes of 2014), effective January 1, 2015, requires licensing programs under DCA to accept individual taxpayer identification numbers for professional and occupational licensing regardless of applicant immigration status. The Board was one of eight boards under DCA at the forefront of implementation of the new law and is ready to process DPM applications under the new licensing mandate as envisioned by the Legislature.

BUREAU FOR PRIVATE POSTSECONDARY EDUCATION

Postsecondary Education

Oversees and regulates private postsecondary educational institutions located in California.

STAFF:

76 civil service
1 exempt

EDUCATIONAL INSTITUTIONS APPROVED:

1,139

BUREAU ADVISORY COMMITTEE:

10 professionals
representing educational
institutions, students,
employers, or consumers

2 public representatives

5 bureau task force

STRATEGIC PLAN ADOPTED:

2012

www.bppe.ca.gov

MAJOR ACCOMPLISHMENTS

- Conducted 18 compliance workshops.
- Decreased the average number of days to complete a compliance inspection from more than 200 days to approximately 60 days.
- Decreased the average number of days to complete a citation from 811 to 396.
- Conducted 47 unannounced compliance inspections.
- Closed 673 investigations, an increase of 29 percent from the 2014/15 fiscal year.
- Attended 16 major outreach events to educate California students on what to look for when choosing a private postsecondary college.
- Processed 316 Student Tuition Recovery Fund claims and refunded \$434,951.80 to compensate those students who suffered a loss because their school closed before they completed their education.

MAJOR NEW LEGISLATION OR REGULATIONS

- Assembly Bill 834, Williams (Chapter 176, Statutes of 2014), creates a different process for American Bar Association (ABA) accredited law schools to complete the Bureau's School Performance Fact Sheet (PFS). All ABA-accredited law schools now satisfy the PFS requirement by completing their required ABA, NLAC, and Law School Admission Council reporting rather than the Bureau's PFS.
- Senate Bill 1247, the Bureau's Sunset bill, which made numerous changes to the Bureau and those operating under the Bureau's authority. Some of the changes included adding two seats to the Advisory Committee, creating a task force to study coding academies, requiring accreditation for all degree-granting institutions, making multiple changes to areas such as licensing, the Student Tuition Recovery Fund, and prioritization of compliance inspections and complaint investigations.
- Developed emergency regulations for implementing the requirement that all degree-granting institutions be accredited. The regulations provide for institutions submitting accreditation plans, visiting committees, disclosures for students, and provisions for automatic suspensions for failing to meet statutory requirements.

BOARD FOR PROFESSIONAL ENGINEERS, LAND SURVEYORS, AND GEOLOGISTS

BPELSG

Licenses and regulates engineers, land surveyors, geologists, and geophysicists.

STAFF:

42.7 civil service

LICENSES:

103,422

BOARD MEMBERSHIP:

14

STRATEGIC PLAN ADOPTED:

2014

www.bpelsg.ca.gov

**MAJOR ACCOMPLISHMENTS**

- Successfully recruited and filled our first-ever Senior Registrar Geologist position to serve the Board and its stakeholders. The Senior Registrar will act as a technical expert providing advice and direction related to application evaluation, exam development, preliminary enforcement case review, and technical input on legislative/regulatory review. By filling this position, the Board will ensure the protection of consumers and the general public by fully embracing the Board's statutory mandates.
- Adopted our 2015–18 Strategic Plan. Conducted meetings with the assistance of the Department of Consumer Affairs' SOLID unit to aid in the development and completion of a new Strategic Plan. The current plan was adopted July 31, 2014, and will take the Board through 2018. Implementing the current plan will enable the Board to reach its goals such as: effectively protecting and educating consumers, promoting its laws and regulations, increasing the number of licensed Professional Engineers, Land Surveyors, Geologists and Geophysicists, and providing information regarding the practices of engineering, land surveying, geology, and geophysics and the relevance those professions have to consumers and licensees.
- Concluded our 2014 Sunset Review report and participated in the Sunset Review hearings jointly held by the Assembly Committee on Business and Professions and Senate Committee on Business, Professions and Economic Development. The hearings allowed the Board to showcase its licensing, enforcement, and public information efforts. The Legislature granted the Board the ability to continue protecting and serving the consumers of California.

MAJOR NEW LEGISLATION OR REGULATIONS

- Amended Business and Professions Code (BPC) sections 6730.2 and 8771 regarding the preservation of land surveying monuments and responsibility for such.
- Added BPC section 8725.1 to State legislative intent regarding licensure requirements for individuals performing land surveying work at public agencies.

CONTINUED

- Amended BPC section 6759 regarding requirements for licensure as professional engineers of applicants who are licensed in other states.
- Amended BPC section 7842 to remove outdated language regarding specialty certification licensure requirements.
- Amended BPC section 7860 to correct typographical errors.
- Added BPC section 7864 to address petitions for reinstatement of revoked licenses and for modifications of penalty in administrative disciplinary matters for geologists and geophysicists.
- Amendments made to Title 16, California Code of Regulations (16 CCR) section 3061 to clarify the criteria for rehabilitation the Board must consider when determining whether to deny issuance of a license; to order suspension or revocation of a license; or to grant reinstatement of a revoked license (effective October 1, 2014).
- Amendments made to 16 CCR 419 and 3064 to update the Board's disciplinary guidelines (effective October 1, 2014).
- Amendments made to 16 CCR 3003 to update the definitions of engineering geology and geophysics (effective January 1, 2015).
- Amendments made to 16 CCR 3005 to address the fee to be charged for the issuance of a retired license for geologists and geophysicists (effective January 1, 2015).

DEPARTMENT OF CONSUMER AFFAIRS

PFB

PROFESSIONAL FIDUCIARIES BUREAU

MAJOR ACCOMPLISHMENTS

- Received approval for the Bureau Chief to begin working full-time in Fiscal Year 2015–16.
- Hired a full-time Enforcement Analyst.
- Created a consumer publication checklist for hiring a new fiduciary.
- Created a licensee publication to clarify the license renewal process.
- Added a consumer satisfaction survey link to the Bureau's website and the signature line of employee e-mails to consumers and licensees.

MAJOR NEW LEGISLATION OR REGULATIONS

- Assembly Bill 672, Harkey (Chapter 239, Statutes of 2013), eliminates the tax clearance certificate requirement related to the final account of the fiduciary and related provisions and eliminates the tax clearance certificate requirement related to that deduction for taxable years beginning on or after January 1, 2014.
- AB 1339, Maienschein (Chapter 248, Statutes of 2013), requires that when a petition to appoint a conservator or a temporary conservator is filed, and the petitioner or proposed conservator is a professional fiduciary, the petition also includes the petitioner's or proposed conservator's proposed hourly fee schedule or another statement of the petitioner's or proposed conservator's proposed compensation from the estate of the proposed conservatee for services performed.
- AB 2024, Bonilla (Chapter 336, Statutes of 2014), prohibits a professional fiduciary from operating with a retired or canceled license. The bill also provides that a license not renewed within three years following its expiration shall not be renewed, restored, or reinstated, and would require the license to be canceled immediately upon expiration of the three-year period. This expands the Bureau's authority and obligation to investigate a person who holds a license that either restricts or prohibits that person from practicing as a professional fiduciary, including, but not limited to, a license that is retired, inactive, canceled, or suspended.
- AB 2741, Bonilla (Chapter 344, Statutes of 2014), extends the Bureau's sunset review date until January 1, 2019.

CALIFORNIA BOARD OF PSYCHOLOGY

Psychology

Licenses and regulates psychologists, registered psychologists, and psychological assistants.

STAFF:

20.3 civil service
1 exempt

LICENSES:

22,556

BOARD MEMBERSHIP:

5 licensees
4 public representatives

STRATEGIC PLAN ADOPTED:

2014

www.psychology.ca.gov

MAJOR ACCOMPLISHMENTS

- Enforcement staff continues to meet or exceed the established Consumer Protection Enforcement Initiative (CPEI) performance measures, with the exception of Performance Measure 4, Formal Discipline. Enforcement staff reduced their processing time each quarter. Enforcement staff significantly reduced their average each quarter and will continue to reduce their average over the next fiscal year.
- The licensing unit implemented performance measures in BreEZe.
- Availability of online submission of psychology licensing applications renewal of psychological assistant registrations resulted in an easier application process for applicants.
- Three instructional videos were posted on the Board's website, which generated tens of thousands of views. These videos explained the process for applying to become a licensed psychologist, psychological assistant, and registered psychologist.
- The Executive Officer spoke at the Association of State and Provincial Psychology Boards on the subject of public protection.

MAJOR NEW LEGISLATION OR REGULATIONS

- Promulgated regulations resulting in all applicants taking the California Psychological Law and Ethics Examination.
- Sponsored three bills, which are working their way through the legislative process. These bills will impact our licensees and help protect consumers in California by clarifying the law governing exempt settings, amending the definition of psychological practice, and making the initial license period always be two years from issuance date.
- Adopted formal positions on six bills, provided testimony at legislative committee meetings, and sent position letters to the Governor.

N/A licensees
N/A public representatives

STRATEGIC PLAN ADOPTED:

2015

www.bre.ca.gov

MAJOR ACCOMPLISHMENTS

- For the second year in a row, CalBRE paid a record amount of restitution to victims of real estate fraud. Last fiscal year, the Consumer Recovery Account (CRA) paid what was then a record \$4.2 million to real estate fraud victims. This fiscal year, a new record—\$4.9 million in restitution—was paid to victims of fraud perpetrated by real estate licensees. The CRA has paid out more than \$55 million to fraud victims since its inception.
- As the real estate market recovers, CalBRE continued its focus this fiscal year on outreach to consumers, industry, and other stakeholders, providing educational opportunities for the industry to learn about compliance issues, for consumers to learn how to avoid falling victim to real estate fraud and schemes, and for public service partners to learn about real estate matters. CalBRE sponsored or participated in nearly 100 outreach events last year. For consumer events, CalBRE often partnered with the California State Bar and members of State Legislature to host fraud prevention town hall meetings throughout the State. While many of the fraud prevention town halls focused on seniors, some events focused on various immigrant populations and others on public protection generally. Immigrant events were conducted in Russian, Chinese, and Spanish, and fraud prevention tips unique to these communities were provided. These outreach events reach thousands of participants in the State and help both industry and consumers alike apply the lessons learned from the market meltdown and avoid the mistakes of the past.
- On January 1, 2015, pursuant to Assembly Bill 2540, CalBRE was given the statutory authority to obtain and retain the e-mail addresses that are used by real estate licensees to engage in acts for which a license is required. To date, more than 115,000 e-mail addresses have been provided and retained, and the total is growing daily. Having access to e-mail addresses has given CalBRE the ability to disseminate important and critical information quickly and efficiently. CalBRE created “e-mail blasts” to send alerts, warnings, and upcoming changes to the law it enforces.

CONTINUED

- The CalBRE audit program continues to be highly effective in finding and correcting violations of the Real Estate Law and trust fund handling requirements. Last year, CalBRE conducted 612 audits of real estate brokers, finding \$6.9 million in trust fund shortages. Audit staff was successful in having brokers cure more than \$1.9 million in shortages prior to the completion of the audits.
- CalBRE continues to expand the content on its website to help educate both consumers and the industries CalBRE regulates. Last fiscal year, CalBRE posted on its website helpful videos explaining the exam and license application process for a broker and salesperson's license. In addition, CalBRE posted and distributed consumer alerts regarding the scams involving biweekly mortgage loan services, tips and questions for consumers seeking the services of a real estate licensee, and tips for seniors on how to avoid real estate fraud.

MAJOR NEW LEGISLATION OR REGULATIONS

- AB 2540, Dababneh (Chapter 295 Statutes of 2014), requires real estate licensees to provide CalBRE with an up-to-date mailing address, phone number, and e-mail address used for licensed activity. The bill also requires applicants for licensure to disclose valid contact information in the application.
- Senate Bill 1159, Lara (Chapter 752, Statutes of 2014), eliminates the requirement that a license applicant show proof of legal presence before obtaining a real estate license. Real estate license applicants will still need to provide a Social Security number/individual tax identification number in order to obtain a real estate license. The provisions of this bill will be implemented on or before January 1, 2016.
- SB 1171, Hueso (Chapter 200, Statutes of 2014), extends to commercial transactions the duty of a real estate broker to disclose, in writing, where the broker is acting as a dual agent. Prior to this bill, disclosure of dual agency in commercial transactions involving real property did not have to be in writing.

BUREAU OF REAL ESTATE APPRAISERS

Real Estate Appraisers

Licenses and regulates real estate appraisers and registered appraisal management companies.

STAFF:

36 civil service
1 exempt

LICENSES:

11,278

APPRAISAL MANAGEMENT
COMPANY REGISTRATIONS:

285

STRATEGIC PLAN ADOPTED:

2014

www.brea.ca.gov

MAJOR ACCOMPLISHMENTS

- Implemented changes effective January 1, 2015, that the Appraisal Qualifications Board adopted, which 1) increases minimum licensure requirements to include college-level education or an associate degree for a Licensed Residential certificate and a bachelor's degree or higher for both the Certified Residential and Certified General certificates, and 2) clarifies Supervisory Appraiser eligibility requirements, plus requires both the Supervisory Appraiser and Trainee Appraiser to complete a course specifically oriented to the requirements and responsibilities of supervisors and trainees.
- Streamlined the reciprocity process for licensure of out-of-state applicants who hold a valid credential from another state that is in compliance with Title XI and whose credentialing requirements meet or exceed that of California.
- Initiated discussions with California community colleges and private vendors to develop a curriculum for practicum courses to satisfy experience requirements.
- Collaborated with stakeholders to develop a new Strategic Plan for 2014–2018 that is both responsive and actionable. The plan allows the Bureau to respond to change while remaining faithful to our mission to “Safeguard public trust by promoting professionalism in the real estate appraisal industry through licensing, education, and enforcement.”

MAJOR NEW LEGISLATION OR REGULATIONS

- Amended section 3528 (Title 10, California Code of Regulations) to increase minimum licensure requirements to comply with the increased federal minimum requirements.
- Repealed the citizenship requirement (section 3530 [Title 10, California Code of Regulations]) for licensure to comply with Business and Professions Code section 135.5.
- Submitted for Department of Consumer Affairs approval three regulations, including sections 3568 supervision requirements, 3569 reciprocity, and 3733 disciplinary guidelines (Title 10, California Code of Regulations).

BOARD OF REGISTERED NURSING

Registered Nursing

Licenses and regulates registered nurses and evaluates them for certification in nursing specialties.

STAFF:

157 civil service
1 exempt

LICENSES AND CERTIFICATES:

542,560

BOARD MEMBERSHIP:

5 licensees
4 public representatives

STRATEGIC PLAN ADOPTED:

2014

www.rn.ca.gov

MAJOR ACCOMPLISHMENTS

- Collaborated with the Department of Consumer Affairs (DCA) and other health care boards to award a five-year contract for the Diversion Program to MAXIMUS that began on January 1, 2015.
- Worked with DCA's SOLID Training Solutions to map the entire licensing process for all registered nurses (RNs) and advanced practice applications in order to help identify any areas for improvement.
- Facilitated transfer of an entire nursing program that closed without notice to another nursing program, which volunteered to take on completion of the students' nursing education.
- Three new prelicensure nursing programs were granted initial approval to begin admitting students, increasing opportunities for those looking to enter the nursing profession.
- The Data Bank conducted an audit of the Board's RN and Advanced Practice Nurse disciplinary actions for compliance with the National Practitioner Data Bank (NPDB) reporting requirements. The National Council of State Boards of Nursing is the Board's agent for NPDB reporting and assisted with this audit. The Board's last audit was completed in fall 2012. The current audit covers the RN and Advanced Practice disciplinary actions from January 1, 2012, through December 31, 2013. The Board successfully completed the audit and is in full compliance with federal requirements.
- Authorized for an additional 28 staff in enforcement to continue to work toward reducing the time to complete the discipline process to meet the DCA and Board's goal of 12–18 months.
- Continued participation in DCA's Consumer Protection Enforcement Initiative. This enforcement model is for all allied health boards regarding best practices to ensure that complaints, investigations, and administrative actions filed by the Attorney General on behalf of the Board, and the administrative hearings are timely.

MAJOR NEW LEGISLATION OR REGULATIONS

- Assembly Bill 186 Maienschein, (Chapter 460, Statutes of 2014) establishes a temporary licensure process for specified licensed professions for an applicant who holds a current, active, and unrestricted license in another jurisdiction, as specified, and who supplies satisfactory evidence of being married to, or in a domestic partnership or other legal union with, an active duty member of the armed forces of the United States who is assigned to a duty station in California under official active duty military orders. The bill requires a temporary license issued pursuant to these provisions to expire 12 months after issuance, upon issuance of an expedited license, or upon denial of the application for expedited licensure by the Board, whichever comes first.
- AB 809 Logue, (Chapter 404, Statutes of 2014) requires the health care provider initiating the use of telehealth to obtain verbal or written consent from the patient for the use of telehealth, as specified. The bill requires that health care provider to document the consent.
- AB 2102 Ting, (Chapter 420, Statutes of 2014) requires the Board to collect and report specific demographic data relating to its licensees, subject to a licensee's discretion to report his or her race or ethnicity, to the Office of Statewide Health Planning and Development. The bill requires the Board to collect this data at least biennially, at the times of both issuing an initial license and issuing a renewal license.
- AB 2247 Williams, (Chapter 388, Statutes of 2014) requires each campus within the University of California, the California State University, and the California community colleges, or private postsecondary educational institutions and independent institutions of higher education that receives public funding through State or Federal financial aid programs, is accredited by an accrediting agency recognized by the United States Department of Education, and offers education and training programs to California students to make final accreditation documents available to the public via the institution's website.
- In order to enhance its disciplinary function and strengthen its Enforcement Program to better achieve its public protection mandate, the Board proposed the following California Code of Regulation changes enacted on July 23, 2014:
 - Amend section 1403 - Delegation of Certain Functions: The Board delegated to the Executive Officer the authority to approve settlement agreements for the revocation, surrender, or interim suspension of a license and would require that such approvals be reported to the Board at regularly scheduled Board meetings.
 - Adopt section 1441 - Unprofessional Conduct: Defined the following actions as unprofessional conduct:
 1. Failure to provide lawfully requested records that are under the licensee's control.
 2. Failure to cooperate and participate in a Board investigation.
 3. Failure to report to the Board felony or misdemeanor convictions or disciplinary action by another licensing entity.
 4. Refusal or failure to comply with a court order mandating the release of records to the Board.

BOARD OF REGISTERED NURSING

CONTINUED

- Amend section 1444.5 - Disciplinary Guidelines: The amendment prohibits an administrative law judge from including a stay of revocation in a case in which there is a finding of fact that the licensee (1) has had “sexual contact,” as defined, with a patient, or (2) has committed an act or been convicted of a sex offense. The RN’s license would be revoked.
- Completed and made available the *2013–2014 New Grad Hiring Survey*. To better understand the employment experience of newly licensed RNs, a fifth annual Statewide survey was conducted in fall 2014 through the efforts of the California Institute for Nursing & Health Care (CINHC), the Board, the Association of California Nurse Leaders, the California Student Nurses Association, and the University of California, Los Angeles, School of Nursing with funding provided by Kaiser Permanente Northern California. A summary of this survey is available on the CINHC website at www.cinhc.org and provides an update on employment of newly licensed RNs in California from the RNs’ perspective.
- Completed and made available the *2013–2014 Annual School Report* for both pre- and postlicensure nursing education programs, *Data Summary and Historical Trend Analysis, Regional Reports, and Interactive Database*. Development of the 2013–14 Board of Registered Nursing School Survey was the work of the Board’s Education Advisory Committee, which consists of nursing education stakeholders from across California. University of California, San Francisco, was commissioned by the Board to develop the online survey and report data collected from the survey. The survey collects data about nursing programs and their students and faculty. This survey has been developed to support nursing, nursing education, and workforce planning in California. The Board believes that the results of this survey will provide data-driven evidence to influence policy at the local, State, Federal, and institutional levels.

RESPIRATORY CARE BOARD OF CALIFORNIA

Respiratory Care

Licenses and regulates respiratory care practitioners.

STAFF:

17.4 civil service
1 exempt

LICENSES:

22,801

BOARD MEMBERSHIP:

4 licensees
1 physician
4 public representatives

STRATEGIC PLAN ADOPTED:

2013

www.rcb.ca.gov

MAJOR ACCOMPLISHMENTS

- Contracted with the University of California, San Francisco, Institute for Health Policy Studies, to conduct a Respiratory Care Workforce Study. Among other areas, the study will examine the feasibility and impact of establishing a baccalaureate degree as the minimum education requirement for respiratory care practitioners in California.
- Implemented Assembly Bill 1972, Jones (Chapter 179, Statutes of 2014), to require passage of all parts of the registered respiratory therapist (RRT) examinations, aligning the minimum exam requirement with the natural progression made in the respiratory field, and with accreditation standards and examination delivery.

MAJOR NEW LEGISLATION OR REGULATIONS

- AB 1972, Jones (Chapter 179, Statutes of 2014), requires an applicant for licensure as a Respiratory Care Practitioner to pass all parts of the national RRT examination, unless otherwise specified.
- AB 2102, Ting (Chapter 420, Statutes of 2014), requires the Board to collect and report specific demographic data related to its licensees to the Office of Statewide Health Planning and Development.
- Senate Bill 850, Block (Chapter 747, Statutes of 2014), establishes a baccalaureate degree pilot program within community college districts, in which two respiratory care programs were approved to participate.
- Promulgated regulations to:
 - Clarify that the Board shall review the driving history for each applicant as part of its application screening process.
 - Increase the number of continuing education (CE) units from 15 to 30 and modify courses recognized for CE credit.
 - Amend the fee structure that more accurately reflects fees imposed by the national testing vendor.
 - Add a preference to applications from active military personnel and their spouses or domestic partners, and exempt military personnel who are called to active duty from CE and renewal fee requirements.

- Establish a process for temporary licensure for out-of-state entities and personnel to practice respiratory care in California at a community (sponsored, free health care) event of not more than 10 days.
- Cosponsored SB 525 (Nielsen) to clarify areas of the respiratory scope of practice that were not initially drafted to accommodate advancements in

technology and changes in patient care for future interpretation.

- Cosponsored AB 923 (Steinorth) to provide the Board clear authorization to publicly disclose certain egregious, substantially related criminal arrests, and strengthen its legal framework related to disciplinary actions.

BUREAU OF SECURITY AND INVESTIGATIVE SERVICES

Security & Investigative

Licenses and regulates security guards, proprietary private security employers and officers, private investigators, alarm companies and employees, locksmith companies and locksmiths, private patrol operators, and repossession agencies and their employees. The Bureau also has jurisdiction over firearm and baton training facilities and their instructors.

STAFF:

52.4LICENSES, CERTIFICATES,
OR PERMITS:**450,909**DISCIPLINARY REVIEW
COMMITTEES*:

3 industry representatives
2 public representatives

ADVISORY COMMITTEE:

7 industry representatives
6 public representatives

STRATEGIC PLAN ADOPTED:

2015

*There are three disciplinary review committees, and each committee has 3 industry reps, and 2 public reps.

www.bsis.ca.gov

MAJOR ACCOMPLISHMENTS

- Submitted a Sunset Review Report to the Senate Business, Professions and Economic Development Committee. This was the first sunset report ever created by the Bureau.
- Redesigned the Bureau's public website in December 2014 to make it easier to navigate and more user-friendly.
- Created a streamlined inspection process to enable Bureau staff to conduct focused assessments of licensed private patrol operators' and firearm training facilities' compliance with important statutory requirements. Since program inception through June 30, 2015, the Bureau conducted 138 inspections.
- Established a dedicated e-mail account, which simplified the process for security guards and their employers to provide timely notice to the Bureau of an incident involving the guard discharging his or her firearm or a physical altercation with another individual while on duty. The new e-mail address provides a more timely method for the Bureau to receive notification and, if appropriate, begin the investigative process.
- Updated and implemented a new private patrol operator (PPO) qualified manager examination. The new exam more appropriately aligns with the core skills and knowledge PPO licensees must possess to perform their duties safely and competently to promote consumer protection.
- Processed 3,519 veteran applications through the Bureau's Veterans Come First Program. Since the inception of the program in 2012, the Bureau has assisted a total of 9,073 current and former military personnel through the license application process.
- Utilized the Bureau's automatic suspension authority for security guards, alarm companies and their employees, and locksmith companies and their employees to suspend the license or registration of 774 licensees and registrants convicted of a serious crime. The automatic suspension authority enables the Bureau to take timely disciplinary action, which enhances consumer protection.

CONTINUED

MAJOR NEW LEGISLATION OR REGULATIONS

- Assembly Bill 2220, Daly (Chapter 423, Statutes of 2014), effective January 1, 2015, requires a PPO to maintain \$1,000,000 general liability insurance policy as a condition of licensure. Also, exempts specified peace officers from the Bureau firearms requalification requirement for renewal of their BSIS Firearms Permit. Lastly, effective July 1, 2016, authorizes a PPO to be the registered owner of a firearm, provided the PPO meets specified conditions with the Department of Justice (DOJ), and provides for the tracking by the DOJ of the assignment of a firearm by a PPO to a security guard in possession of a BSIS Firearms Permit.
- Assembly 1608, Olsen (Chapter 669, Statutes of 2014), effective January 1, 2015, authorizes the Bureau to issue a Private Investigator (PI) license to a PI organized as a Limited Liability Company (LLC) until January 1, 2018. Also, requires the LLC licensee to maintain a minimum of \$1,000,000 general liability insurance policy.
- Assembly Bill 2503, Hagman (Chapter 390, Statutes of 2014), effective January 1, 2015, made several technical changes to the Collateral Recovery Act.

SPEECH-LANGUAGE PATHOLOGY AND AUDIOLOGY AND HEARING AID DISPENSERS BOARD

Speech & Hearing

Licenses and regulates speech-language pathologists and assistants, audiologists, and hearing aid dispensers.

STAFF:

8 civil service
1 exempt

LICENSES:

19,784

BOARD MEMBERSHIP:

6 licensees

STRATEGIC PLAN ADOPTED:

2012

www.speechandhearing.ca.gov

MAJOR ACCOMPLISHMENTS

- Implemented legislation (Senate Bill 1326, Roth), that made changes to the Song-Beverly Consumer Protection Act. The bill clarified warranty provisions for hearing aids and changed the 30-day warranty period to 45 days for hearing aid sales. The Board worked with professional associations to notify each licensee of the changes by mail, newsletters, and the Board's website.
- Streamlined the Board's licensing processes, resulting in a reduction of the licensing backlog, an improved system for tracking supporting documents, and an efficient system for processing documents and educational transcripts.
- Initiated a contract with a consulting group to conduct a study that assesses the Board's workforce, resources, and workload. The outcomes include a data-driven report, an evaluation of major processes, and recommendations for improvements.

MAJOR NEW LEGISLATION OR REGULATIONS

- SB 1466, Committee on Business, Professions and Economic Development (Chapter 316, Statutes of 2014) authorizes the Board to increase the number of supervised clinical practice hours required for Speech-Language Pathology and Audiology licensure. The change brings the Board's requirement up to date with nationally accredited programs.
- SB 1466 also prohibits a licensed hearing aid dispenser from employing any physician and surgeon or any audiologist who is not a licensed dispensing audiologist or hearing aid dispenser, or contract with a medical corporation licensed, as specified, for the purpose of fitting or selling hearing aids. This change clarifies the law that already existed that prohibits licensees from forming relationships for financial gain.

STRUCTURAL PEST CONTROL BOARD

Structural Pest

Licenses and regulates fumigators, pest control companies, pest management professionals, and structural pesticide applicators.

STAFF:

28.5 civil service
1 exempt

LICENSES:

24,904

BOARD MEMBERSHIP:

3 licensees
4 public representatives

STRATEGIC PLAN ADOPTED:

2015

www.pestboard.ca.gov

MAJOR ACCOMPLISHMENTS

- As follow-up to the Board's undercover investigation—which resulted in the 2014 felony convictions of two individuals for examination subversion—Larry Holmes Jr., owner of the company ACEAPP, made final restitution to his victims in the lump sum amount of \$200,000 in May 2015.
- In March 2015, received its final of three monthly progress payments, recovering \$100,000 in administrative costs from D & S Termite Control.
- The Board's mediation and investigation programs helped consumers save approximately \$283,000 arising from consumer complaints alleging substandard repair work, unfinished work, and contractual obligations, including warranties and refunds.
- Collected more than \$144,000 in investigative costs (cost recovery) on Board-initiated disciplinary actions.
- Supported county agricultural commissioners and sealers on the collection of outstanding fumigation fees owed by structural pest control companies and licensees, recovering approximately \$25,000.
- Strengthened examination security measures by adding the examination of Applicators to the Computer Based Testing (CBT) system in January 2015. CBT conveniently adds 17 additional examination sites Statewide, improving accessibility for candidates, saving valuable time and money.

MAJOR NEW LEGISLATION OR REGULATIONS

- Senate Bill 799 (Hill) introduced by the Committee on Business, Professions and Economic Development, if passed, supports the Board's request for legislative action to amend four sections and to repeal one section in the Business and Professions (B&P) Code.
- Amended 1,948 of the Board's regulations, implementing B&P Code sections 8564.5 and 8674, setting fees in an amount sufficient to cover the reasonable regulatory cost of administering licensing examinations.

TELEPHONE MEDICAL ADVICE SERVICES BUREAU

TMAS

Registers businesses that provide telephone medical advice to California residents.

STAFF:

1 civil service

REGISTRATIONS:

64

BOARD MEMBERSHIP:

0

STRATEGIC PLAN ADOPTED:

2014

www.dca.ca.gov/tmas

MAJOR ACCOMPLISHMENTS

- Developed a working relationship with the Department of Managed Health Care to receive a quarterly written report on complaints that are received and closed by the department.
- Created guidelines and procedures to start conducting on-site inspections. This will benefit consumers by ensuring that the call centers are using properly licensed health care providers.
- Developed procedures for on-site visits to businesses that we believe should be registered with our Bureau. This will help reduce the number of unlicensed call centers that are providing phone medical advice.
- Worked on submitting a business change proposal to request a full-time enforcement position.

MAJOR NEW LEGISLATION OR REGULATIONS

- Pending legislation to help clean up our regulations. We expect Senate Bill 800 to be signed and the new language to be effective January 1, 2016. The bill will add two new license types to the list of health care providers that can give telephone medical advice—naturopathic doctor and licensed professional clinical counselor.

VETERINARY MEDICAL BOARD

Veterinary Medicine

Licenses and regulates veterinarians, registered veterinary technicians, and veterinary premises.

STAFF:

23.8 civil service
1 exempt

LICENSES:

30,328

BOARD MEMBERSHIP:

4 veterinarians
1 registered veterinary technician
3 public representatives

STRATEGIC PLAN ADOPTED:

2015

www.vmb.ca.gov

MAJOR ACCOMPLISHMENTS

- Developed its Strategic Plan for 2015–2019, identifying six strategic goal areas with objectives focused on combating unlicensed and illegal activity, improving customer service to licensees and consumers, increasing outreach to the professional community through various mediums, and improving education of minimum standards by increasing the number and frequency of veterinary hospitals inspected by the Board. The strategic planning process includes a comprehensive environmental scan where stakeholders' business needs and expectations are documented and the Board assesses its strengths and weaknesses from the viewpoint of clients' perspective. The process enables the Board to create its strategic plan where resources are centrally focused on improving the Board's administration, licensing, and enforcement efforts, while meeting the needs of stakeholders in terms of timely, accurate, and relevant program updates and practice information.
- Hired and trained 12 new hospital inspectors in 2014, which has tripled the Board's Inspection Team and which was in response to the mandates of Senate Bill 304, Lieu (Chapter 515, Statutes of 2013), mandating the Board inspect 20 percent of veterinary hospitals registered with the Board. With the addition of the new inspectors and additional in-house Board staff, the Board inspected more than 600 veterinary hospitals and met its threshold. The Hospital Inspection Program of the Board serves to educate veterinarians and veterinary staff about minimum facility standards, including sanitation, equipment safety, and standards of professional practice, which are established to keep the public's animals safe and healthy. The Inspection Team also encourages compliance with minimum standards and reports to the Board any issues regarding facility standards, protocols, or practices that may place the public and the public's animals at risk.
- In keeping with its mission, the Board focused a great deal of resources toward improving the efficiency and efficacy of the Enforcement Program by hiring and training five additional enforcement analysts, which resulted in swifter response times to consumer complaints, prompt investigations, and more timely disciplinary case actions. In addition, the Board conducted Expert

Witness training partnering with the Office of the Attorney General to improve the quality and reliability of expert witness reports and testimony. Having trained and dedicated staff is vital to meeting the Board consumer protection mandates. The Board's Enforcement staff has participated in specific analytical and investigative techniques training and is committed to ensuring that every complaint is handled professionally and supported by substantiated facts. The public is well-served when case outcomes are fair and serve to educate the veterinary community, rehabilitate licensees, or restrict the professional practice of veterinarians who have been found guilty of unprofessional conduct.

MAJOR NEW LEGISLATION OR REGULATIONS

- SB 304, Lieu (Chapter 515, Statutes of 2013), requires that, upon the later of January 1, 2015, or the effective date of a specified legislative determination, a veterinary assistant be designated by a licensed veterinarian and hold a valid veterinary assistant controlled substances permit from the Board, in order to obtain or administer controlled substances. After holding stakeholder meetings,

the Board adopted regulations defining the application process and supervision standards for the new Veterinary Assistant Controlled Substance Permit Program. The regulations will serve to implement SB 304 and will require every applicant to furnish a set of fingerprints to the Department of Justice for the purposes of conducting both a State and Federal criminal history record check, thus ensuring that those individuals handling controlled substances do not have a criminal history involving substance abuse or drug diversion.

- Adopted regulations defining equivalent education for Registered Veterinary Technician (RVT) training through alternate educational programs. The programs enable individuals working in the field of veterinary medicine as veterinary assistants to continue to climb the career ladder by applying both on-the-job training and specific RVT course work and clinical training toward meeting entry-level licensing requirements. Alternate route training affords students access to education through distance learning, night classes, and tailored course sequencing and clinical setting opportunities.

BOARD OF VOCATIONAL NURSING AND PSYCHIATRIC TECHNICIANS

VN & PT

Licenses and regulates licensed vocational nurses (LVNs) and psychiatric technicians (PTs).

STAFF:

**67.9 civil service
1 exempt**

LICENSES, CERTIFICATES,
AND PERMITS:

147,998

BOARD MEMBERSHIP:

**5 licensees
6 public representatives**

STRATEGIC PLAN ADOPTED:

2014

www.bvnpt.ca.gov

MAJOR ACCOMPLISHMENTS

- Continued to assist in the development, configuration, design, and testing of the Department of Consumer Affairs' (DCA's) BreZE system. In September 2014, negotiations for Release 2 (R2) boards/bureaus were completed and additional time was allotted for Part 2 of the project. Training for User Acceptance Testing was delayed to January 2015. The "go live" date for R2 boards/bureaus is projected to occur by the end of December 2015.
- Continued recruitment efforts to fill the Nursing Education Consultant (NEC) vacancies. Additionally, from May 2014 to June 30, 2015, NECs processed 208 major requests from vocational nurse (VN) and psychiatric technicians (PT) programs; processed 2,189 requests for approval of new faculty and 1,203 requests for approval of new clinical facilities for existing and proposed VN and PT programs; responded to 1,838 written inquiries for clarification of the scope of practice of LVNs and PTs; received 7,875 e-mail and fax inquiries from programs, and sent 10,613 responses; and received 8,347 phone inquiries.
- Disseminated task and knowledge surveys to 10,000 licensed PTs in January 2014. The PT Occupational Analysis was completed in October 2014. On February 13, 2015, the Board accepted the report of the 2014 PT Occupational Analysis and adopted the new PT Examination Outline. Implementation of the new examination outline is scheduled for 2016.
- Established an Enforcement Task Force to discuss goals to increase enforcement processing efficiencies. The Task Force studied all factors influencing the enforcement process and developed recommendations to reduce enforcement case aging. These recommendations were adopted by the Board at the November 2014 Board meeting and are currently being implemented by Board staff.

MAJOR NEW LEGISLATION OR REGULATIONS

- On August 21, 2014, the Office of Administrative Law approved the Board's rulemaking file that amends sections 2526 and 2581 of the California Code of Regulations to allow the Board to inspect or review all VN and PT programs within the State to determine the program's compliance with prescribed standards for approval. The regulatory action became effective on October 1, 2014.
